THIS THESIS HAS BEEN APPROVED TO BE A PARTIAL  
FULFILLMENT OF THE REQUIREMENTS FOR THE  
DEGREE OF MASTER OF PHARMACY  
IN PHARMACOGNOSY

EXAMINING COMMITTEE

*R. Pootakham* ..... CHAIRMAN

(ASSISTANT PROFESSOR DR. KRISANA POOTAKHAM)

*V. Chuamanochan* ..... MEMBER

(ASSISTANT PROFESSOR VIRASAK CHUAMANOCHAN)

*P. Ruangsiri* ..... MEMBER

(DR. PITTAYA SRUAMSIRI)

*D. Limpiti* ..... MEMBER

(ASSISTANT PROFESSOR DUANGASAMORN LIMPITI)

DATE 14 MONTH OCTOBER YEAR 1987.

### **ACKNOWLEDGEMENTS**

I wish to express my sincere gratitude and appreciation to the staff of supervisory committee, Assistant Professor Dr.Krisana Pootakham, Assistant Professor Virasak Chuamanochan and Dr.Pittaya Sruamsiri for their valuable helps, suggestions and comments.

My grateful is to Assistant Professor Dr. Krisana Pootakham, my advisor, for her kind supervision, guidance and patience throughout this study, Assistant Professor Virasak Chuamanochan for his useful recommendations regarding gas-liquid chromatography analysis, Dr. Pittaya Sruamsiri for his help in cultivation of the plants.

My sincere thanks are also due to Assistant Professor Ratchanee Teeyapant and Associate Professor Supasark Limpiti for their kind advice in statistical analysis.

Finally, I wish to give special acknowledgement to my parents for their constant understanding and support.
