ACKNOWLEDGEMENTS

The author wishes to express her gratitude to Assist. Prof. Dr. Usanee Vinitketkumnuen, with whom this research was conducted, for her constant instruction and interest during the course of study and her guidance in preparing the manuscripts. This thesis could not have been accomplished without her understanding and gracious assistance.

She also wishes to extend her appreciation to Graduate School, Chiang Mai University, for financial support during her study and the King Prajadhipok and Queen Rambhai Barni Memorial Foundation for financial support in this preparing manuscripts.

This thesis was generously supported by the Hitachi Research Grant, Japan.

The author is deeply grateful to Mrs. Porntipa Picha, National Cancer Institute, Bangkok, for her valuable advice on tissue culture, tumor transplantation method and provision of laboratory facilities.

She is also indebted to Dr. Nirush Lertprasertsuk, Department of Pathology, Faculty of Medicine, Chiang Mai University, for her provision of pathologically analysis and valuable criticism.

Assist Prof. Dr. Prachya Kongtawelert's valuable suggestions and critical reading of the manuscript are also deeply appreciated.

She is particularly grateful to Prof. Dr. Floyd. W. Dunn, Department of Biochemistry, Faculty of Medicine, Chiang Mai University and Mrs. Molly Phua-ngarm-prasert for excellent editing

She would like to express her thanks to Dr. Kraingsak Chairroj and Dr. Damrus Supyen, Department of Chemistry, Faculty of Science, Chiang Mai University, for providing equipment to analyse structure of an active compound in this thesis.

She would like to express her sincere thanks to Mrs. Siriwan Ongchai, staff member of the Department of Biochemistry for her kind suggestions and provision computer for data analysis, and Mrs. Darunee Thumasilp for generously typing the manuscript. Also many thanks to all her freinds for their kindness, friendship and guidance.

Finally, she is deeply indebted to her parents and family for their love, support, understanding and encouragement throughout her life.
