## LIST OF TABLES

TABLE	PAGE
1 The body weights (gm) of control and MSG-treated rats during development (25-90 day of age).....	16
2 Nasoanal lengths (cm) of control and MSG-treated rats during development (25-90 day of age).....	19
3 Lee indexes of control and MSG-treated rats during development (25-90 day of age).....	21
4 Amounts of food intake (gm/4days) of control and MSG-treated rats during development (3-12 week of age).....	24
5 Age at vaginal opening in control and MSG-treated rat.....	26
6 Estrous cycles of control and MSG-treated rats at 60-90 day of age .....	29
7 Fertility and offspring of control and MSG-treated rats.....	34
8 Some organ weights of control and MSG-treated rats at around 120 day of age.....	40

## LIST OF ILLUSTRATIONS

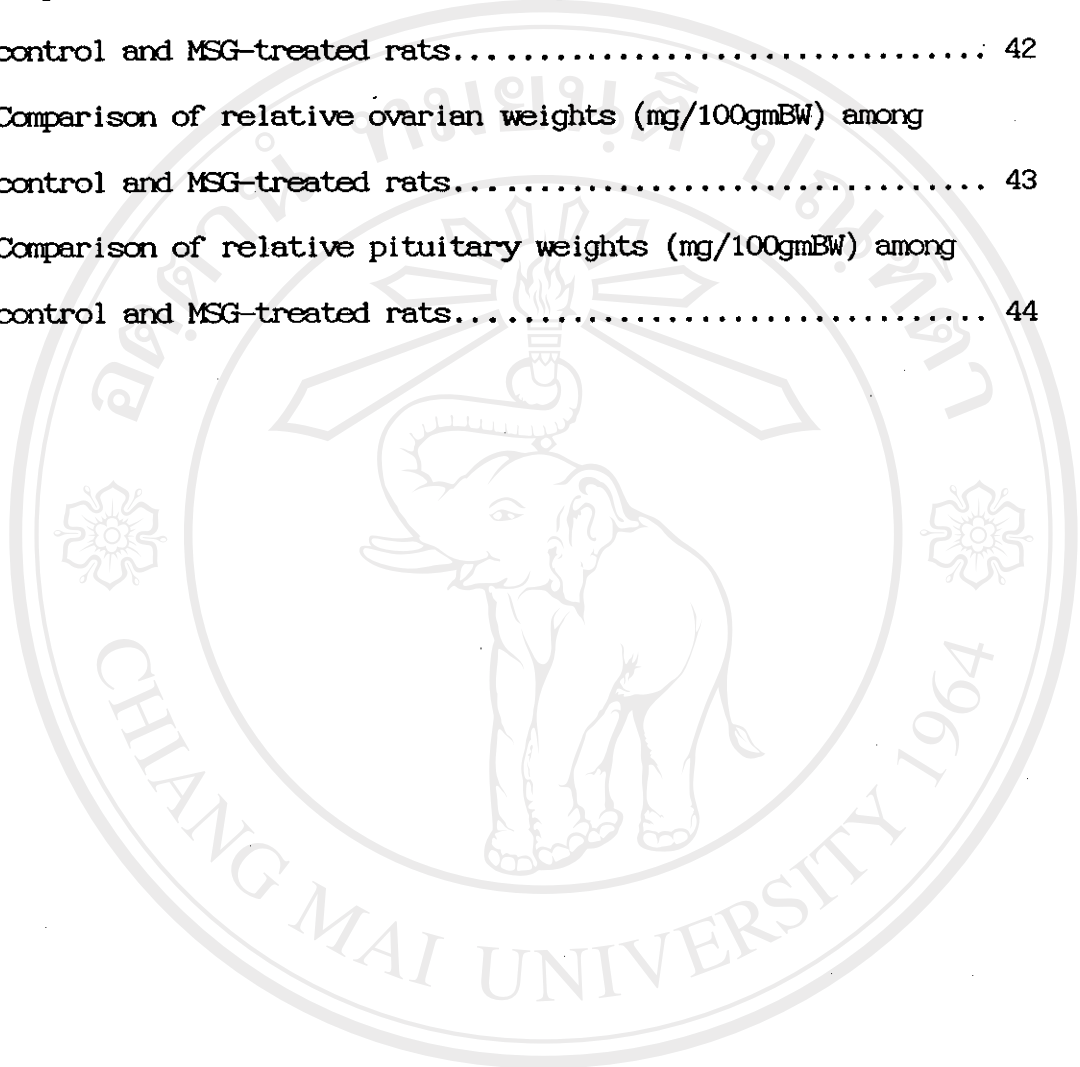

FIGURE	PAGE
1 Comparison of mean body weights (gm) among control and MSG-treated rats during development (25-90 day of age).....	17
2 Comparison of mean nasocanal lengths (cm) among control and MSG-treated rats during development (25-90 day of age)...	20
3 Comparison of Lee indexes among control and MSG-treated rats during development (25-90 day of age).....	22
4 Comparison of amounts of food intake (gm/4days) among control and MSG-treated rats during development (3-12 week of age)...	25
5 Comparison of ages at vaginal opening among control and MSG-treated rats.....	27
6 Comparison of percentage of normal estrous cycle among control and MSG-treated rats.....	30
7 Comparison of number of days against total period examined among control and MSG-treated rats.....	31
8 Patterns of estrous cycles of representative control and MSG-treated rats at 60-90 day of age.....	32
9 Comparison of percentage of reception among control and MSG-treated rats.....	35
10 Comparison of percentage of pregnancy among control and MSG-treated rats.....	36
11 Comparison of duration of pregnancy among control and MSG-treated rats.....	37
12 Comparison of number of pups per litter among control and MSG-treated female rats mated with normal adult male.....	38

13 Comparison of average birth weight of pups (gm) among control and MSG-treated female rats mated with normal adult male..... 39

14 Comparison of relative uterine weights (mg/100gmBW) among control and MSG-treated rats..... 42

15 Comparison of relative ovarian weights (mg/100gmBW) among control and MSG-treated rats..... 43

16 Comparison of relative pituitary weights (mg/100gmBW) among control and MSG-treated rats..... 44
