ACKNOWLEDGEMENTS

I would like to express my sincere thanks and gratitude to my supervisor Assoc. Prof. Dr. Saisamorn Lumyong, Department of Biology, Chiang Mai University, Thailand, for her constant guidance and advice during this research work.

I am also grateful to my co-supervisors, Assistant Prof. Morakot Sukchotiratana and Assoc. Prof. Dr. Somboon Anuntalabhochai of the Biology Department for their advice.

Thanks to Dr. Sumalee Pruksakorn, Dept. of Microbiology, Faculty of Medicine, acharn Somporn Chantara and acharn Sittichai Wirojanupathum, Dept. of Chemistry, Chiang Mai University for their help in this research work.

I express my gratitude to Prof. Dr. Paul Muller and Dr. Joahchim Kruger for their kind supply of the standard chemicals from Saarland University, Germany.

I am indebted to GTZ for scholarship to study in ERA Programme. I express my deepest appreciation to the authority of Chiang Mai University, and USIB, Germany for their joint initiation in ERA Programme for environmental Improvement in the South-East and South-West Asian nations.

Thanks to acharn James Maxwell, Dept. of Biology for reading this manuscript, and also for his kind cooperation in Chiang Mai.

I am thankful to the Microbiology Laboratory, Department of Biology, Faculty of Science, Chiang Mai University for providing laboratory facilities and chemicals.

I am grateful to Nguen Thi Van Ha, Bhim Prasad Adhikari, W.A.P. Guruge and all other ERA friends for their help. Thanks to all my friends in Biology Department and Chemistry Department for their cooperation during two years study in Chiang Mai University. Specially, I express my indebtedness to the students and researchers of Microbiology and Post-Harvest Laboratory of Biology Department for their kind help and cooperation during my research work.

I am highly grateful to Mr. Mowdudur Rahman and Ms. Nasima Akter, former student of ERA Programme for their enormous help in Chiang Mai.

I deeply grateful to my parents, brothers and sisters for their sacrifice which encourage me to come to the present position.

Md. Abul Kalam Azad
