#### ACKNOWLEDGEMENT

I would like to express my deep appreciation and sincere gratitude to my advisors who helped me to make my dream to be true. I am fortunate to have Assistant Professor Tatsana Mahunupab as my major advisor and Assistant Professor Marayart Na Nakorn as my co-advisor who generously shared their talents and time with me throughout this study.

I also extend my special and sincere appreciation to Assistant Professor Wanpen Eamjoy for her invaluable guidance and kind support during my writing of thesis report.

I would like to thank Associate Professor Chaweevon Tongchai in Faculty of Nursing, Chiang Mai University for her meaningful guidance and kind support during the research process. I would also like to thank my home university advisor, Professor Yao Jingpeng and my advisor in Xi'an Medical University, Associate Professor, Dr. Liu Qingguang for their thoughtful guidance, support and encouragement during the research process.

I am grateful to the nursing experts: Associate Professor Nunta Leksawasdi, Assistant Professor Dr. Achara Sukonthasarn, Associate Professor Suwanee Kiewkingkaew and Ms. Chamita Charuchinda from Chiang Mai University; Professor Dr. Zhang Jiaqing, Associate Professor Qu Weixiang and Associate Professor Dr. Sunyan from Beijing Medical

University. They served as experts helping me to validate the instruments for data collection.

A special thanks goes to Miss Guo Guifang for her validation of Chinese translation of my instruments.

I am grateful to those who have offered constructive and valuable suggestion to my research.

I am also grateful for the cooperation of all breast cancer patients who participated in this study. Without these people, this study would not have been possible and successfully completed.

A very special thanks is extended to my husband, Mr. Xue Ruishen for his endless love and understanding during the two years of study. The same thanks goes to my father, my mother, my sister, and my brothers for their consistent love and encouragement.

Further thanks is also extended to Chiang Mai University and Xi'an Medical University for providing me with the opportunity for the study. A sincere thanks is also extended to the China Medical Board of New York to provide financial support for the POHNED.
