ACKNOWLEDGEMENTS

The author would like to express her heartfelt gratitude and appreciation to her supervisor, Asst. Prof. Dr. Mongkon Rayanakorn, for his kind supervision and invaluable guidance throughout this research work.

The author would like to express her sincere thanks to Mrs. Sutheewan Sriupayo, Director of Regional Medical Science Center, Chiang Mai, for her encouragement and support in granting the author the necessary study leave and permission to use the gas chromatograph-mass spectrometer of the center.

To Miss Jaruwan Viriyahirunpiboon, Head of Toxicology Section, Regional Medical Sciences Center, Chiang Mai, the author would like to extend her sincere thanks for her helpful guidance and provision of drug standards.

The author wishes to acknowledge all her colleagues in the Toxicology Section of the Regional Medical Sciences Center, Chiang Mai, and her classmates at Chiang Mai University.

Finally, the author wishes to show her heartfelt gratitude here to her parents, brothers, sisters and husband for their tender love, care and endless encouragement.

Sudjai Nantarat
