ACKNOWLEDGEMENT

I am greatly indebted to Assistant Prof. Dr. Suthep Suantai for his untired offering me some thoughtful and helpful advice in preparing and writing my thesis.

My thanks to Associate Prof. Nuananong Iddhichiracharas and Lecturer Srichan Arworn for the valuable comments helpful suggestions.

I would like to thank all of the lecturers for their previous valuable lectures while studying.

Finally, thanks to my beloved parents, also my brothers and sisters. I owe my life for their love, encouragement and sacrifices.
