ACKNOWLEDGEMENTS

This study could not have been done without the conscientious support of Associate Professor Dr. Benjavun Ratanasthien, Associate Professor Dr. Pongpor Asnachinda, Associate Professor Dr. Arayar Jatisatienr, and Associate Professor Saowapa Sonthichai.

First and foremost, I would like to emphasize my gratitude and appreciation to Associate Professor Dr. Benjavun Ratanasthien, my supervisor for her kind supervision, guidance, and constant encouragement during my study. Also, I would like to thank Associate Professor Dr. Arayar Jatisatienr and Associate Professor Saowapa Sonthichai, my co-supervisors, who always helped me with suggestions in interpretation of my study results. In addition, Associate Professor Dr. Pongpor Asnachinda also gave to me a lot of his personal assistance. Furthermore, I would like to thank J. F. Maxwell who has always been very kind to me with good drinking and also thoroughly corrected my written English.

I also like to express my deep regards to EGAT at Mae Moh Power Plant, for providing accommodations during the time of my work there. In addition, I would also like to thank WEST - EAST - SOUTH Project on Sustainable Aquaculture Development in the Mekong Delta, for financial support during my two years of study at Chiang Mai University, Thailand. Furthermore, I would like to thank Mr. William Prewett and Mrs. Mayuree Phromphutha, for their expertise and kindness in helping me during sample analyses in their laboratory.

IV

I would like to thank my parents and siblings, who have never stopped encouraging me during my two year period away from my family. I strongly appreciate my colleagues, Mr. Nguyen Anh Tuan, Mr. Nguyen Thanh Phuong, Mr. Nguyen Van Thuong, Mr. Nguyen Van Be, and Mr. Nguyen Huu Chiem, who have always looked after me and have given me a lot advise from their experiences. I am also indebted to Associate Professor Dr. Prasak Thavornyutikran, Chairman, and Ms. Jullada Khaosa-ard, Program Officer of the ERA Program for their valuable help.

I will never forget my two best friends, Mr. Kisworo (Indonesia) and Ms. Wipha Osatharanyakul (Thailand), who have always encouraged and shared with me a lot of things during our two years of study at Chiang Mai University, Thailand. I also like to express my best regards to Mr. Viwat, Mr. Apirat, Mr. Deacha, Ms. Sudarat, Ms. Nuchanat, Ms. Oranut, and Ms. Watchara, who have supported me with a very good social atmosphere while studying at Chiang Mai University.

Finally, I would like to thank my Vietnamese friends, Mr. Tran Van Hau, Mr. Le Quang Bao, Mrs. Le Thi Ngoc Quynh, Mr. Nguyen Huu Hoa, Mr. Nguyen Ngoc Chau, Mr. Ho Dac Thai Hoang, Mr. Bui Xuan Tin, Mrs. Hoang Thi Sen, Mrs. Hoang Thi Thai Hoa, and Mrs. Chu Thi Kim Loan, who have always shared with me many things during my two years of study far away from Viet Nam.

Nguyen Van Cong
