

TABLE OF CONTENTS

	Page
Acknowledgement	III
Abstract	IV
Table of contents	VIII
List of tables	X
Chapter 1 Introduction	
Background and significance	1
Objectives of the study	8
Research questions	8
Hypothesis	9
Scope of the study	9
Definition of terms	9
Chapter 2 Literature review and conceptual framework	
Literature review	11
Conceptual framework	28
Chapter 3 Methodology	
Design of the study	30
Population and sample	30
Instrumentation	31
Data collection procedure	34
Analysis of data	35
Chapter 4 Findings and discussion	
Description of the subjects	38
Discussion	48

TABLE OF CONTENTS (cont'd)

	Page
Chapter 5 Conclusion and recommendations	
Conclusion of findings	54
Implication of findings	55
Limitations of the study	57
Recommendations for further research	57
References	58
Appendices	
Appendix A Informed Consent from Parents	71
Appendix B Informed Consent from Children	73
Appendix C Part I Demographic Data Form	75
Part II Children's	
self-perception profile	76
Curriculum vitae	78

LIST OF TABLES

Table		Page
1	Frequencies and percentages of subjects' gender, age, grade, duration of illness, and frequency of seizures	38
2	Mean, standard deviation, and range of self-perception scores of the subjects	40
3	Frequencies and percentages of the subjects' overall self-perception	41
4	Logistic regression of independent variables on overall self-perception of school-age children with epilepsy	42
5	Logistic regression of independent variables on scholastic competence of school-age children with epilepsy	43
6	Logistic regression of independent variables on social acceptance of school-age children with epilepsy	44
7	Logistic regression of independent variables on athletic competence of school-age children with epilepsy	45
8	Logistic regression of independent variables on physical appearance of school-age children with epilepsy	46

LIST OF TABLES (cont'd)

Table		Page
9	Logistic regression of independent variables on behavior conduct of school-age children with epilepsy.....	47
10	Logistic regression of independent variables on global self-worth of school-age children with epilepsy.....	48
