

TABLE OF CONTENTS

	Page
Acknowledgment	III
Abstract	II
Table of contents	IX
List of tables	X
Chapter 1 Introduction	
Background and significance of research problem	1
Objectives of the study	8
Hypothesis.	8
Scope of the study	8
Definition of terms	9
Chapter 2 Literature review and conceptual framework	
Literature review	10
Conceptual framework	32
Chapter 3 Methodology	
Design of the study	33
Population, sample and sampling	33
Instrumentation	34
Protection of human right	38
Data collection procedure	38
Analysis of data	39

TABLE OF CONTENTS (Cont'd)

	Page
Chapter 4 Findings and discussion	
Findings	41
Part I Demographic data of the subjects	42
Part II Family support of the subjects.	53
Part III Quality of life of the subjects.	55
Part IV Relationships between family support and quality of life. . .	57
Discussion	59
Chapter 5 Conclusion and recommendations	
Conclusion	75
Implications of the findings	75
Limitations of the study	77
Recommendations for further study. . . .	77
References	78
Appendices	
Appendix A Explanation and informed consent . .	90
Appendix B Instruments	92
Appendix C List of experts for testing content validity of instrument . . .	97
Curriculum vitae	99

LIST OF TABLES

Table		Page
1	Frequency and percentage of subjects grouped by gender, age, and educational level.	43
2	Frequency and percentage of subjects grouped by marital status, perceived family relationship, and family pattern	45
3	Frequency and percentage of subjects grouped by occupation, average family income, and type of medical payment	47
4	Frequency and percentage of subjects grouped by medical diagnosis, duration of low vision, and visual acuity and visual fields	49
5	Frequency and percentage of subjects grouped by most helpful person in family, persons accompanying to the hospital, and number of family members	51
6	Perceived family support scores of subjects . . .	53
7	Level of perceived family support among subjects.	54
8	Quality of life scores of subjects.	55
9	Level of quality of life among subjects	56
10	Relationships between family support and quality of life among subjects.	58
