MAGNETIC FIELD MODEL OF MILKY WAY GALAXY

WICHEAN KRIWATTANAWONG

THIS THESIS HAS BEEN APPROVED
TO BE A PARTIAL FULFILLMENT OF THE REQUIREMENTS
FOR THE DEGREE OF MASTER OF SCIENCE
IN PHYSICS

Examining committee

Acknowledgement

In this work, I have learned how to do a strenuous research. Impossibly, I can do it alone. I extremely acknowledge to Dr. Nuanwan Sanguansak, who gives me an opportunity to learn a lot of things, and gave important advises.

I am grateful to Asst. Prof. Sumith Niparaks, Assoc. Prof. Boonrucksar Soonthornthum and Lecturer M.L. Aniwat Sooksawat who I have received astrophysics knowledge, worthy suggestion and an opportunity to use many equipment in astrophysics laboratory.

I would like to thank instructors in the Physics Department, Chiangmai University for growing me in physics concept.

Thanks to my family and friends for an encouragement.

Wichean Kriwattanawong
