ACKNOWLEDGEMENT

I express my sincere appreciation to **Assoc. Prof. Dr. Suree Phutrakul**, **Prof. Dr. Shui-Tein Chen**, **Dr. Linda Gilmore**, **Prof. Dr. Malcolm Walkskinshaw** and **Dr. Fu-Ming Pan** for their kind advise, encouragement and support throughout my research.

I am very grateful to the members **Assoc. Prof. Dr. Kanit Krisnangkura**, **Asst. Prof. Dr. Sirirat Sarawek** and **Dr. Dararat Tongkao** for their many useful suggestions.

Thanks **Dr. Boonyaras Sookkheo** for her enthusiastic helpful through this research and deeply gratitude to my friends, **Mr. Bundit Boonsinthalai**, **Mrs. Hui-Ming Yu**, **Ms. Yae-Er Yu**, **Dr. Chi-Yue Wu**, **Dr. Ying-Ta Wu** and **Dr. Joel Tyndall** for their available helpful and introduction. I could not have gone through all of the graduate work smoothly, if with out them.

Thanks the **Thailand Research Fund (TRF)**, **Thailand** for the scholarship of the **Royal Golden Jubilee Ph.D. program** support to the graduate student and for research funds in **Thailand** and **Edinburgh, UK**.

I am grateful to the **Institute of Biological Chemistry**, **Academia Sinica**, **Taipei, Taiwan** for supporting research in part at **Taiwan**.

Finally, I would like to thank my family for their tender love and constant support.

S. Sinchaikul
