ACKNOWLEDGEMENT

I would like to express my sincere gratitude and deep appreciation to my advisor, Assistant Professor Chokchai Wongsinsup for his kind, care, valuable advice, supervision, guidance throughout my study and for his comment in preparing for this manuscript.

I also would like to thank Assistant Professor Siwaporn Jankrajang, my coadvisor, for her kindness, support and consultations.

My special thanks are also sincerely extended to all staff of Biopharmacy Department, pharmacists of Neurological Hospital for their kindness and encouragement.

Additionally, I am grateful to all patients for their cooperation.

Finally, I would like to express my deepest gratitude to my beloved parents who entirely and absolutely give me love, care, and support.

Jitrada Sirisamuttakarn
