Acknowledgements

I sincerely thank Asst. Prof. Dr. Pichart Uparanukraw, my thesis advisor, and Assoc. Prof. Dr. Nimit Morakote, my co-advisor, for their encouragement, guidance, kindness and valuable advice in my study.

I would like to extend my thanks to Assoc. Prof. Dr. Prachya Kongtawelert, Department of Biochemistry, Faculty of Medicine, Chiang Mai University for his generosity in allowing me to use his ELISA reader, his valuable suggestions and also for kindly accepting to be a member of examining committee.

I wish to express my sincere gratitude to thank Assoc. Prof. Dr. Watchara Kasinrerak and his staff, Department of Clinical Immunology, Faculty of Associated Medical Sciences, Chiang Mai University for his advice on fusion and ELISA techniques.

Thanks are also extended to Assoc. Prof. Dr. Kom Sukontason, Mr. Somsak Piangjai and Mr. Yongyut Muangyimpong for providing the fecal samples and their help in laboratory work.

Special thanks one due to all the teachers, staff and students of master degree in the Departments of Parasitology and Microbiology, Faculty of medicine, Chiang Mai University and my friends for their encouragement and help.

Finally, special and important persons who have understood and encouraged me to carry out my study successfully are my family. I would like to thank them for everything.

Watcharee Kongrat
