ACKNOWLEDGEMENT

I am very grateful to Asst. Prof. Dr. Sugunya Wongpornchai, my advisor, for her valuable instruction, supervision and encouragement throughout this study.

I also would like to thank the staffs of the Department of Chemistry, Faculty of Science, Chiangmai University, for their technical helps particularly Mr. Pisan Kitsawatpiboon for GC and GC-MS operating.

I also wish to express my sincere thanks to Dr. Dumrat Subyen and Dr. Pakawan Nongkunsarn for kindly acting as examiners for this project.

Last, but not least, I would like to express my appreciation to all of my friends and colleagues for their help and encouragement during the course of my research. To my family, I am deeply grateful to my father and mother for their love and understanding.
