## ACKNOWLEDGEMENTS

The author would like to express my sincere gratitude to a number of persons who have constantly provided assistance and guidance during the course of the project.

Great appreciation is expressed to Dr. Sarawute Chantraprasert, the supervisor, for his constructive suggestion, comments on seismic interpretation and mapping and also his efforts in correcting the manuscript and suggesting necessary modifications.

Sincere appreciation is given to Miss Janpen Silawongsawat and Dr. Siriporn Chaisri, assistance advisors, for their guidance on the theory of seismic event throughout the study. Special thanks must be given to Mr. Sydney L. Rieb for his comments on seismic interpretation and advice on technique of seismic mapping.

The author is grateful to the Unocal (Thailand) for the permission to access some information of the Phet Yai field in the Pattani basin. Thanks to Miss Amornluck Kornawan, Geophysicist of the company, for her helps with the data preparation.

Grateful acknowledgement must also be given to Mr. Montree Witvasiri, for his kindest help and advice. Sincere thanks are given to Mr. Chanwichai Suksawat, Senior Geophysicists in PTT exploration and production co. Ltd, for information about Pattani Basin.

This report can not be completed without the help and encouragement of my parents and other people who put up so much effort to me as well.
