## ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my advisor, Associate Professor Sumalee Siriaungkul for her supervision, guidance, and particularly for her patience in correcting this thesis. Without her help, I would not be able to finish it on time. I would like to express my gratitude also to Associate Professor Pasuk Mahakkanukrauh and Assistant Professor Wiwat Wangpreedalertkul for their help and suggestion this project.

My profound thanks to Ms. Lakana Eianleng who kindly helped and taught the immunohistochemistry technique as well as supplied superb quality chemical reagents for tissue staining.

I gratefully acknowledge the help of Mrs. Niramon Tonpu and all staff member of the Department of Anatomy, for their work in coordinating for my thesis.

Finally, I would like to express my great gratitude to my family, Mr. Kookiet Ponjaroen, Mrs. Rapee Ponjaroen, Mr. Kaj Ponjaroen, Mrs. Kannika Ponjaroen and Ms. Jarinya Ponjaroen for their love, support and encouragement throughout my education.
