| <b>CHAPTER I INTRODUCTION</b>   | <b>1</b>  |
| 1.1 Statement of the Problems   | 1         |
| 1.2 Research Questions  | 7         |
| 1.3 Objectives  | 7         |
| 1.4 Research Methodology  | 8         |
| 1.4.1 Research Site Selection   | 8         |
| 1.4.2 Research Methods  | 10        |
| 1.4.3 Data Analysis   | 13        |
| 1.5 Organization of the Thesis  | 14        |
| <b>CHAPTER II LITERATURE REVIEW AND CONCEPTUAL FRAMEWORK</b>  | <b>16</b> |
| 2.1 The Political Ecology Framework: Adaptation, Access and Conflict in Resource Management.          | 16        |
| 2.2 The Concepts Adopted to Investigate the Fishery Issues in the Case Study of Stung Treng, Cambodia | 24        |
| 2.2.1 Concept of Access in Resource Management  | 25        |
| a) Access Through Power Relations   | 26        |
| b) Access Through Social and Patron-Client Relations  | 28        |
| 2.2.2 Concept of Space Making in Resource Management  | 30        |
| a) Territorialization as a Process of Space Making  | 31        |
| b) Space as Contested Terrain   | 32        |
| c) Space as the Embedded Social Memory  | 35        |
| 2.2.3 Concept of Discourse Analysis   | 39        |
| a) The Discourse of Conservation and Development  | 40        |
| b) Discourse of Access Over Resource Control  | 43        |
| 2.3 The Studies of Fishery Issues in Cambodia   | 45        |
| 2.4 Conceptual Framework  | 50        |
| 2.5 Summary   | 51        |
| <b>CHAPTER III COMPLEX ECOLOGY AND MANAGEMENT OF FISHERY RESOURCES IN STUNG TRENG PROVINCE</b>        | <b>52</b> |
| 3.1 Historical and Ecological Perspective of the Mekong River in Stung Treng                          | 52        |
| 3.1.1 The View From Outsiders   | 54        |
| 3.1.2 The View From Insiders  | 57        |
| 3.2 The Complex Ecological Zone of Mekong River in Stung Treng  | 59        |
| a) Riverine Wetland   | 62        |
| b) Floodplains Wetland Habitats   | 63        |
| c) Rice Field or Paddy Fields   | 64        |

|  |     |
|--|-----|
| 3.3 Ecological Adaptation Among Fishers in Stung Treng Province  | 70  |
| 3.3.1 The Main Fishing Grounds and Ecology in Stung Treng  | 70  |
| 3.3.2 The Social Network of Fishers to the Outside Market  | 77  |
| 3.4 Summary  | 83  |
| <b>CHAPTER IV SOCIO-ECONOMIC CONTEXT OF FISHING<br/>IN KOH SENG VILLAGE</b>  | 85  |
| 4.1 The Ecological Setting in Koh Seng Village   | 85  |
| 4.1.1 The Village From Inside View   | 85  |
| 4.1.2 The Village and Its Surrounding Landscapes   | 90  |
| a) The Water Body of Rivers and its Deep Pools   | 90  |
| b) The Creeks  | 91  |
| c) The Tributaries/Streams   | 92  |
| d) The Rice Field and Ponds  | 93  |
| 4.2 Fishers and Their Livelihood Strategies  | 95  |
| 4.2.1 The Cultivated Land Ownership  | 96  |
| a) The Wet Rice  | 96  |
| b) The Chamkar   | 98  |
| 4.2.2 Koh Seng Fishers and Their Social Differentiations   | 99  |
| 4.2.3 Fishers From Outside: Social Relations of Productions  | 107 |
| 4.3 Fishing Techniques, Fishing Tenure and Fishing Management  | 113 |
| 4.4 Summary  | 123 |
| <b>CHAPTER V CHANGES IN PROPERTY RELATIONS AND<br/>MAKING THE SPACE: FISHERY RESOURCES IN<br/>KOH SENG VILLAGE</b> | 125 |
| 5.1 The Evolution of Access to Fishery Resources in Koh Seng   | 125 |
| 5.1.1 The Present Fishery Management Policies  | 129 |
| 5.1.2 The Emergence of Fishery Commercialization in the Village  | 132 |
| 5.2 The Political Formation of Village Fishery Community in Koh<br>Seng  | 140 |
| 5.3 Conflict Over Accesses and Discourse of Fishery Community  | 145 |
| a) Access Through Power Relations  | 151 |
| b) Access Through Patron-Client Relations  | 152 |
| c) Access Through Social and Kinship Relations   | 153 |
| 5.4 The Development Intervention and Local Response Strategies   | 153 |
| 5.4.1 The Development Intervention From Government   | 154 |
| 5.4.2 The Local Responses Strategies   | 156 |
| 5.5 Summary  | 164 |
| <b>CHAPTER VI CONCLUSION AND RECOMMENDATIONS</b>   | 166 |
| 6.1 The Main Findings of the Study   | 166 |
| 6.2 Theoretical Discussion of the Findings   | 169 |
| 6.3 Significance of the Findings   | 173 |
| 6.4 Policy Recommendations   | 175 |
| 6.5 Limitations of the Study   | 177 |
| <b>BIBLIOGRAPHY</b>  | 179 |
| <b>APPENDICES</b>  | 193 |
| <b>CURRICULUM VITAE</b>  | 200 |

## LIST OF TABLES

|           |   | Page |
|-----------|---|------|
| Table 3-1 | Summary the life cycles of fish migration in Stung Treng Province           | 68   |
| Table 3-2 | Land use pattern in Stung Treng Province                                    | 71   |
| Table 3-3 | Territory, family size and proportion of population in Stung Treng Province | 72   |
| Table 3-4 | The main seasonal fishing grounds in Stung Treng Province                   | 76   |
| Table 4-1 | The total productive land (Ha) registered with the commune office           | 96   |
| Table 4-2 | Socio-economic differentiation of fishers in Koh Sneng Village              | 99   |
| Table 5-1 | Summary of fishing scale and equipment in the Province of Stung Treng 2003  | 130  |
| Table 5-2 | Some marketable fish species during Mr. Khorn's trading from 1996 to 1998.  | 135  |
| Table 5-3 | The estimated fish caught from January to March 2003                        | 137  |
| Table 5-4 | Summary of village fishery regulation                                       | 142  |
| Table 5-5 | Summary of local items and domestic product to be taxed                     | 155  |

## LIST OF FIGURES AND MAPS

|            |   |     |
|------------|---|-----|
| Figure 2-1 | The diagram of making space and accesses to fishery resources: prospects for local management in Stung Treng Province, Cambodia | 50  |
| Figure 3-1 | Monthly water levels of the Mekong in Stung Treng Province showing its maximum, average, and minimum.                           | 61  |
| Figure 5-1 | The trend of annual fish production from anarchic situation to the formation of community fishery management (1995-2002).       | 139 |
| Map 3-1    | Flow of the Mekong into the Lower Mekong Basin  | 53  |
| Map 3-2    | The location of Dangreks mountain chain in connection with the O'talash tributary of the Mekong in Stung Treng province         | 60  |
| Map 3-3    | The main fishing sites and spawning grounds in Stung Treng  | 74  |
| Map 4-1    | The general landscapes and ecological setting of Koh Seng village   | 86  |

## ABBREVIATIONS AND GLOSSARY

### The Local Terms

|                |                                |
|----------------|--------------------------------|
| Bung or Anlung | Deep Pools                     |
| Chamkar        | Dry rice field or farming land |
| Chann          | Drop-door-trap                 |

|                    |   |
|--------------------|---|
| Chuorn             | A V-shaped net  |
| Chlous Trey        | Torch fishing   |
| Harb               | Khmer measurement which one Harb equals 60 kg                                   |
| Lorp               | Cylindrical Drum Trap   |
| Mornng             | Gillnets  |
| Moy                | Fish dealers and retailers or fish-buying companies                             |
| Nek Kandal         | Middle class  |
| Nek Kror           | Poor class  |
| Nek Mean           | Better off people   |
| Nek Touch          | Small man/boy (client)  |
| Nek Thom           | Big man/boy (Patronage)   |
| Nek Srok Leu       | The uplanders or the upstream people  |
| Nek Srok Krom      | The lowland people  |
| O'                 | Creek   |
| Ourn               | Seine nets  |
| Prey Lung Tuek     | Flooded Forest  |
| Riel               | The Cambodian currency  |
| Sam Nahn           | Cast net  |
| Santouch Borngkhai | Set Pole and Line   |
| Santouch Bous      | Bottom Long Line  |
| Santouch Ronorng   | Hook Long Line  |
| Tchip              | Cylindrical Current Trap or Funnel Trap   |
| Thnorng            | Scoop-net   |
| Tom                | Vertical Vase Trap  |
| Touk Ev            | Small and long motor boat commonly used by villagers and fishers in Stung Treng |
| Trou               | Oblong Trap   |
