## ACKNOWLEDGEMENT

I would like to express sincere gratitude and deepest appreciation to all those who contributed to the realization of this thesis. Firstly, I wish to gratefully acknowledge to my thesis advisor, Asst.Prof.Dr. Werawan Ruangyuttikarn for her excellent guidance, valuable advice and continuous discussion through this study. This thesis could not have accomplished with out her understanding and kindness encouragement. And this thesis would not have completed successfully, without helps from my co-advisor, Dr. Tippawan Prapamontol, for her suggest and supports for my works.

Special appreciation is extended to examining committee, Asst.Prof.Dr. Nuntarit Chokthaworn, for his valuable advice and suggestions was greatly helpful in completing this thesis.

Thanks for all facilities in the Department of Forensic Medicine, Faculty of Medicine, Chiang Mai University, for excellency concentrated teaching and suggestion from all staffs during the course that was helpful for understanding of the basic and advance in toxicology.

Special thank for Assoc.Prof. Nirush Lertprasertsuk, M.D. for pathology determination and helpful suggestion.

Thanks for Mae Moh Thermal Power Plant manager, Mr.Phaisarn Watcharthavonsak and environmental section staff for carbon monoxide concentration measurement equipment and good advice.

Thanks for Pol.Lt.Col.Niyom Duangsri and traffic police for carbon monoxide concentration facilities.

Thanks for all staffs in the toxicology unit, Regional Medical Center, Chiang Mai for chemical and equipment supporting.

Thanks for all staffs in the Department of Clinical Chemistry, Faculty of Associated Medical Science, Chiang Mai University, for chemical and equipment supporting.

Thanks for all staffs in the Associated Medicine Services Center for blood chemistry determination facilities.

I would like to express sincere thanks to Mr. Nattakan Leelarungrayub, Mr. Suksun Tansiri, Mr. Seiney Kruanetr, and Mr. Santi Subpasri for excellent support on many aspect of my work.

Thanks for all staffs in the toxicology unit, Department of Forensic Medicine, Faculty of Medicine for supports and facilities throughout my study.

I would like to extend my thanks to all toxicology students for their friendship and kindness that shared an idea and gave moral support for each other.

Thanks for Faculty of Medicine, Chiang Mai University for fund supporting until finished this work.

Finally, I really appreciate my family for their understandings, kindness encouragement and support that inspired me to complete the graduate study.

Supawatchara Singhatong
