ACKNOWLEDGEMENT

I gratefully acknowledge the Thailand Research Fund for awarding me with a Royal Golden Jubilee Ph.D. scholarship. I also thank the McKnight Foundation and Postgraduate Education Development Program of the Commission on Higher Education of Thailand, Agronomy Department, Faculty of Agriculture, Chiang Mai University for the financial support in some parts of my research.

I deeply thank my advisors, Professor Dr. Benjavan Rerkasem, Associate Professor Dr. Bernie Dell, Professor John Kuo and Associate Professor Dr. Sansanee Jamjod for providing me with continuous support during the long process of this research.

I also thank Mr.Sittichai Lordkaew at the Multiple Cropping Center, Faculty of Agriculture, Chiang Mai University for his help with N analysis, Mr. Somrit Pinjai at Chiangmai Chaiwiwat Ricemill Co., LTD, Chiang Mai for rice quality characteristic and price evaluation, the Multiple Cropping Center for laboratory facilities, the Centre for Microscopy and Microanalysis at University of Western Australia for histology and microscopy facilities and the Trace Elements Laboratory in the School of Biological Sciences and Biotechnology, Murdoch University, Australia for soluble protein analysis facilities.

Thanks to all the staff of the CMUPN*lab*, Agronomy and Multiple Cropping Center, Faculty of Agriculture, Chiang Mai University; students at the CMUPN*lab*, Agronomy Department, Faculty of Agriculture, Chiang Mai University and staffs of the Centre for Microscopy and Microanalysis, University of Western Australia, who are friends and colleagues, for their help.

Finally, I would like to thank my family, my grandparents, my parents, my sister and brothers for their patience, willpower and support through to the end of this research.

Manop Leesawatwong
