ACKNOWLEDGEMENTS

I would like to express my gratefully thanks to my supervisor, Professor Dr. Tavisakdi Ramingwong, for his advice, supervision, encouragement, and criticism during the preparation of this thesis. My thanks also go to Mr. Chatree Iamphak for his helpful field work and advices. I am grateful to Mr. Eakjumroem Jundee and Ms. Hathaikarn Suyayai for their advices and training on computer program. Thanks are also to Ms. Dawruang Dechaop and Mr. Tanarak Sornsri for helpful in database. Part of basic data used in this thesis came from Department of Groundwater Resources, Meteorological Department, Irrigation Department, Royal Development Project, and Land Development Department for which the author is grateful. Many thanks go to my friends, students, and staff of Department of Geological Sciences, Chiang Mai University and staff of Department of Groundwater resources for their encouragement.

Finally, very special thanks are given to my family for their financial support and encouragement.
