

TABLE OF CONTENTS

| | Page |
|--|-------------|
| Acknowledgements | iii |
| Abstract in English | v |
| Abstract in Thai | vii |
| Table of contents | ix |
| List of tables | xiv |
| List of figure | xv |
| Chapter 1 Introduction | 1 |
| Background and significance of research problem | 1 |
| Objective of the study | 5 |
| Research question | 5 |
| Scope of the study | 5 |
| Definition of terms | 6 |
| Chapter 2 Literature review | 7 |
| The context of Thai family and hospitalized children | 7 |
| The structure of Thai family | 7 |
| The socio-culture context of hospitalized children in Thailand | 9 |
| Hospitalized young children and their families | 11 |
| The effects of hospitalization on young children and their families | 12 |

Chapter 2 Literature review (continued)

| | |
|--|----|
| Parents and young children coping with the stress during hospitalization | 17 |
| Parent participation in the care of hospitalized child | 19 |
| Terms of parent participation in the care of hospitalized child | 20 |
| Benefits of parent participation in the care of hospitalized child | 22 |
| Factors influencing parent participation in the care of hospitalized child | 23 |
| Relevant researches in Thailand | 27 |

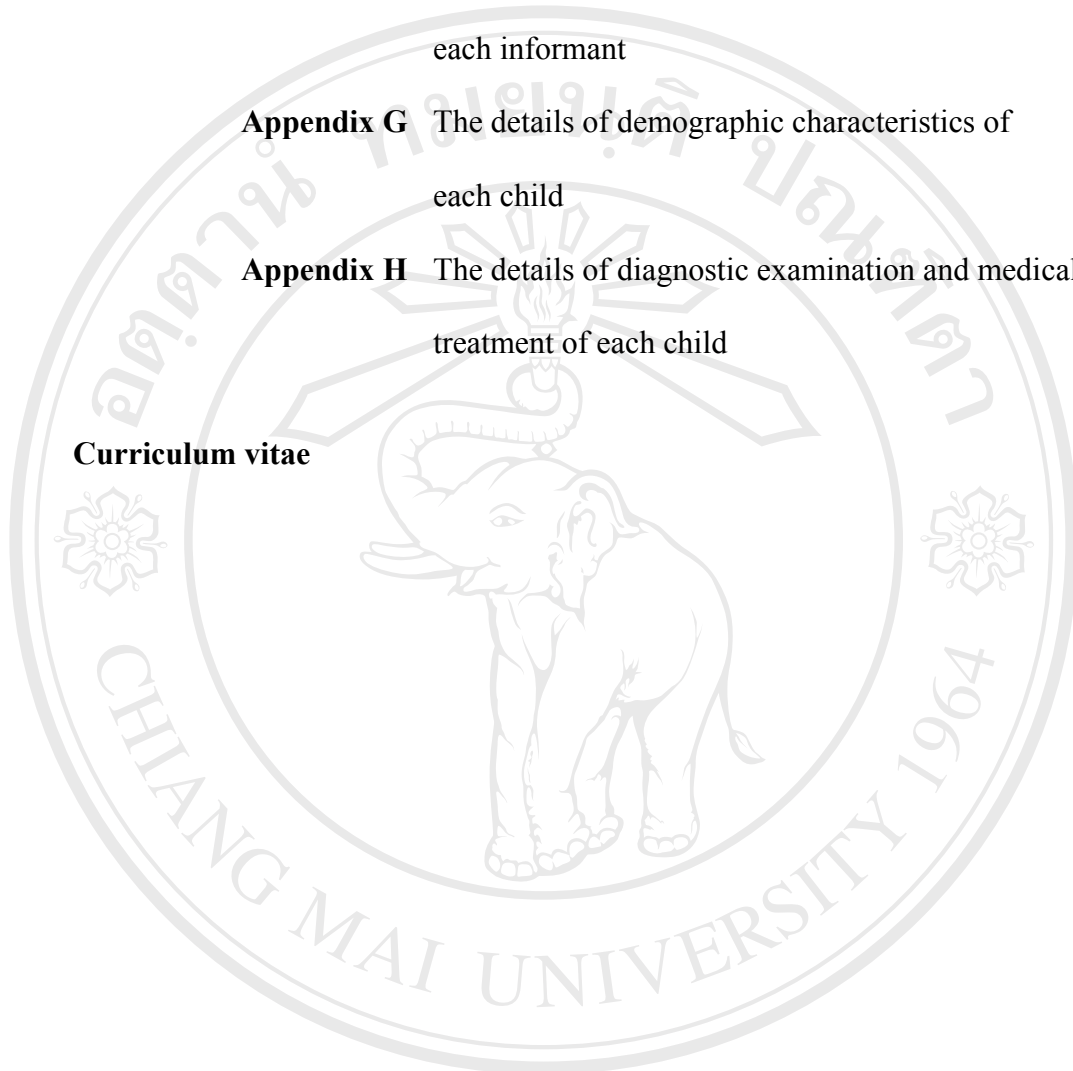

Chapter 3 Methodology

| | |
|---|----|
| Grounded theory perspective | 33 |
| Background and philosophical underpinning | 34 |
| The major features of grounded theory methodology | 35 |
| Methods and procedures of the study | 37 |
| Informants and setting | 37 |
| The researcher as research instrument | 38 |
| Data collection procedures | 40 |
| Data analysis procedures | 47 |
| Ensuring rigor | 54 |

| | |
|---|-----------|
| Chapter 4 Findings and discussion | 57 |
| Part 1: Demographic characteristics of the informants and children | 57 |
| Part 2: The qualitative findings | 61 |
| The process of doing anything for an ill child | 61 |
| Concerning about needs of an ill child | 70 |
| Concerning about self | 74 |
| Doing anything for an ill child | 80 |
| Phase 1: Carrying on home practices | 82 |
| Phase 2: Learning new things | 88 |
| Phase 3: Working together with health care professionals in their child's care | 93 |
| Belief in the capability of physicians and nurses | 97 |
| Ward environment | 98 |
| Utensils and accessories available for an ill child | 100 |
| Visiting rules | 101 |
| Communicating with health care professionals | 102 |
| Being accepted by others in their child's care | 104 |
| Accepting the maternal role in their child's care | 105 |
| Time availability | 107 |
| Child's dependency | 108 |
| Distance from home to hospital | 109 |
| Perceiving the outcomes of doing anything for an ill child | 110 |

| | |
|--|-----|
| Chapter 4 Findings and discussion (continued) | |
| Part 3: Discussion of the findings | 118 |
| The process of doing anything for an ill child | 118 |
| Carrying on home practices | 120 |
| Learning new things | 121 |
| Working together with health care professionals in their child's care | 124 |
| Causes of parent participation in their child's care | 130 |
| Conditions influencing parent participation in their child's care | 135 |
| Consequences of parent participation in their child's care | 143 |
| Chapter 5 Conclusions and recommendations | 150 |
| Part 1: Conclusions of the study | 150 |
| Part 2: Implications and recommendations of the study | 153 |
| Part 3: Limitations of the study | 163 |
| References | 164 |
| Appendices | 179 |
| Appendix A Personal Informant Form | 180 |
| Appendix B Interview guide | 182 |
| Appendix C Guideline for observation | 184 |
| Appendix D List of experts | 186 |

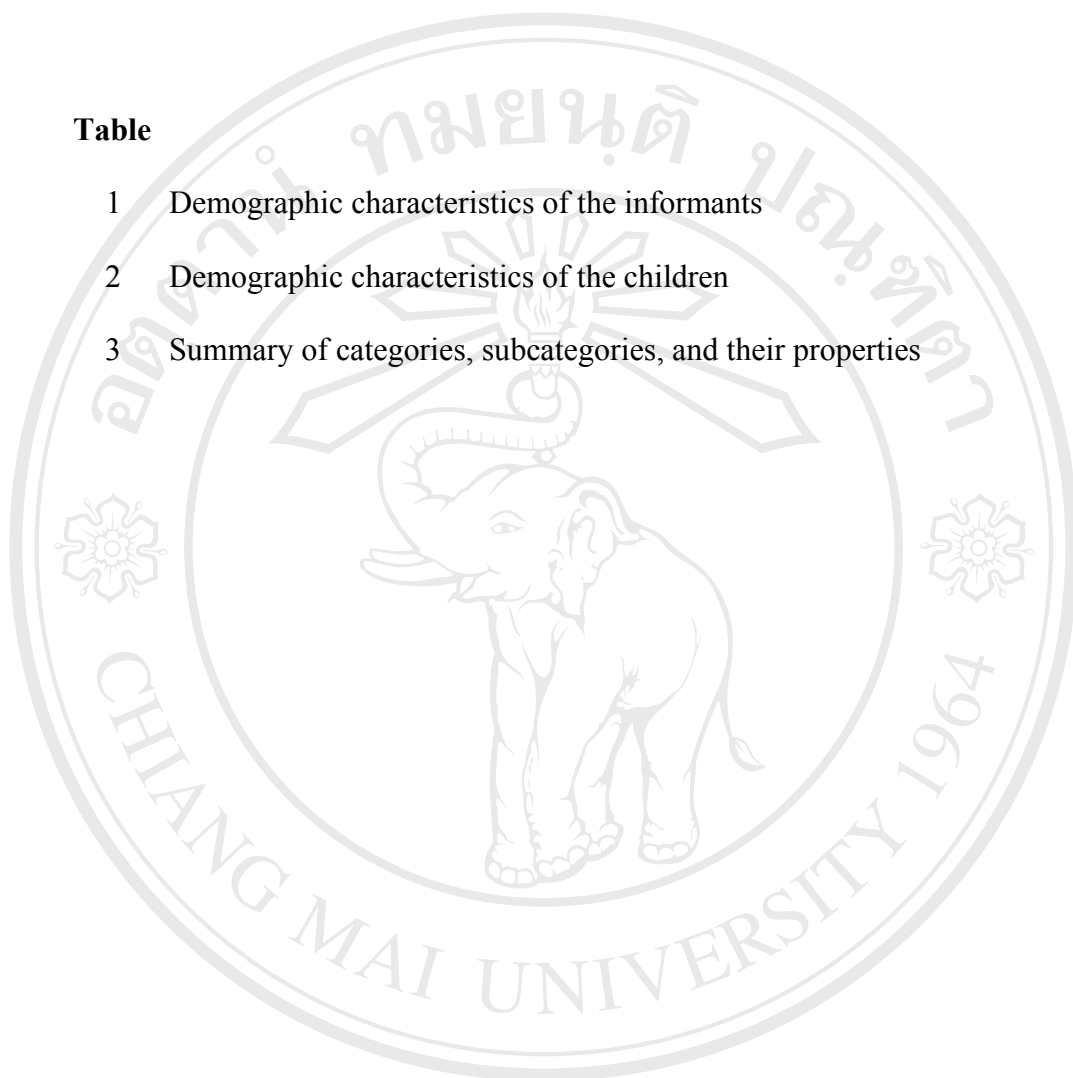

| | | |
|-------------------------|---|-----|
| Appendix E | Informed consent form | 187 |
| Appendix F | The details of demographic characteristics of each informant | 189 |
| Appendix G | The details of demographic characteristics of each child | 191 |
| Appendix H | The details of diagnostic examination and medical treatment of each child | 192 |
| Curriculum vitae | | 193 |
