ACKNOWLEDGEMENT

I would like deeply to express my sincere thanks to my advisor, Assoc. Prof. Dr. Jiradej Manosroi for his endless assistance, encouragement and support during the course of this study. My sincere thanks also go to Assoc. Prof. Dr. Aranya Manosroi, my co-advisor for her valuable advice and support.

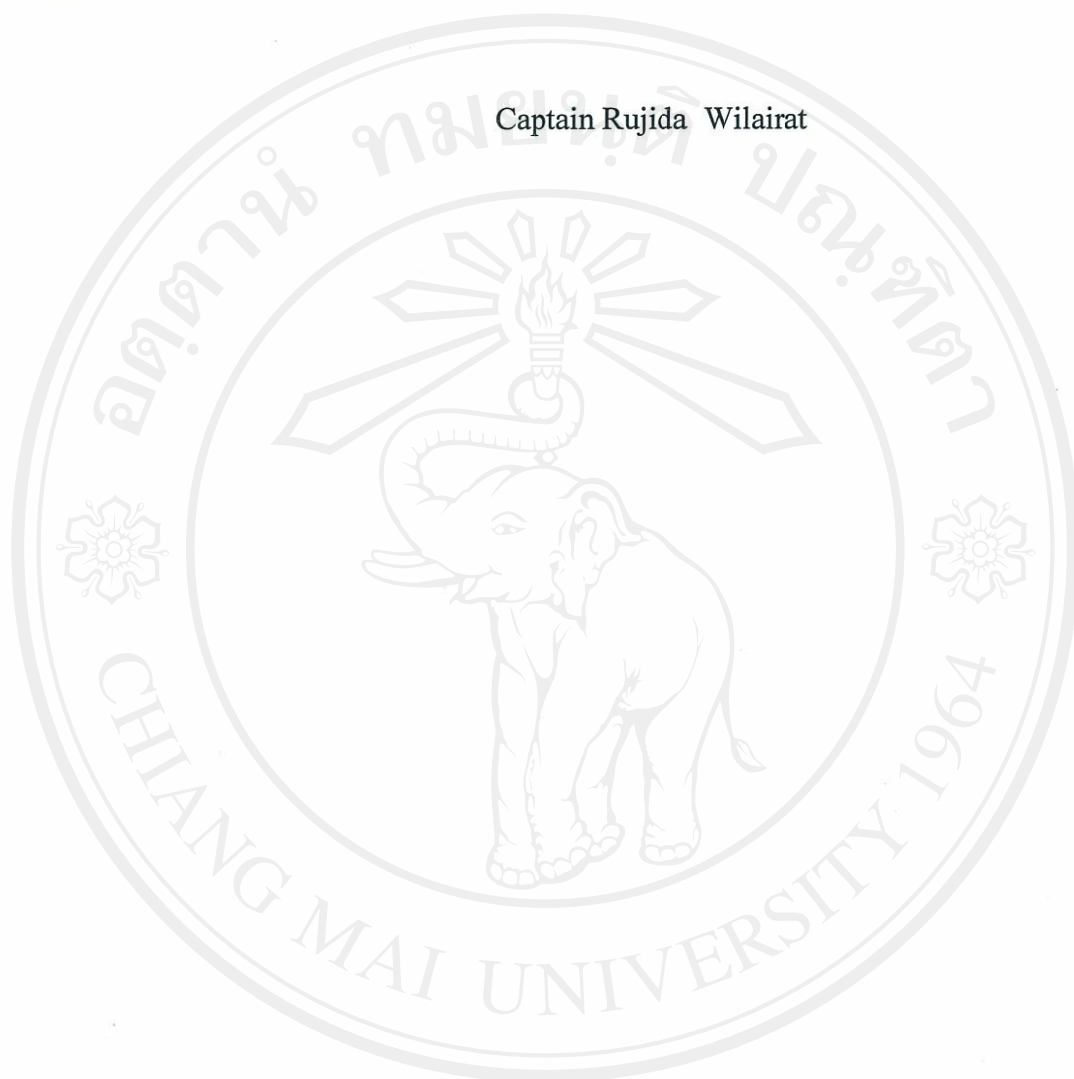

I am deeply grateful to Prof. Dr. Anake Kijjoa, my co-advisor for his suggestions, encouragement and care during my work at Instituto de Ciências Biomédicas de Abel Salazar (ICBAS), University of Porto, Portugal. My special thanks also go to Prof. Dr. Maria São José Nascimento and Prof. Dr. Madalena Pinto for providing a support for my work in the Laboratory of Organic Chemistry and Laboratory of Microbiology, Faculty of Pharmacy, University of Porto, Portugal.

I am very grateful to The Thailand Research Fund for the Royal Golden Jubilee Scholarship Ph D. Program. I wish to sincerely thank Assoc. Prof. Dr. Duang Buddhasuk, Mrs. Bang-on Kietthanakorn and Dr. Siriwoot Sookkhee for being the examining committees of this thesis defense.

My sincere thanks go to all of staffs in Natural Products for Thai Traditional Medicines Research Unit, Pharmaceutical Cosmetic Raw Materials and Natural Products Research and Development Center (PCRNC), Chiang Mai University and my colleagues at ICBAS and Faculty of Pharmacy, University of Porto for their constructive contributions and assistances during the course of my study. These are also extended to all of my friends in Ph D. program.

Finally, I would like to express my deep gratitude to my family for their warm and continuing support throughout the period of this study.
