ACKNOWLEDGMENTS

First of all, I would like to express my gratitude and appreciation to my advisor, Dr. Mookda Pattarawarapan, for her valuable guidance, kind suggestions and encouragement throughout this work.

I wish to extend my special thanks to Assistant Professor Dr. Sirirat Chancharunee (Department of Chemistry, Faculty of Science, Chiang Mai University), Assistant Professor Dr. Chatchai Tayapiwatana (Department of Medical Technology, Faculty of Associated Medical Science, Chiang Mai University) and Assistant Professor Dr. Weerachai phutdhawong (Department of Chemistry, Faculty of Science, Maejo University) for serving on my graduate advisory committee and helping me through the difficulties.

My thanks are extended to the Department of Chemistry, Faculty of Science, Chiang Mai University for kindly providing me with the laboratory and library facilities which have made this study possible.

Finally, I would like to pay special thanks to my family for their love, encouragement and understanding throughout my study.
