

TABLE OF CONTENTS

	Page
Acknowledgements	iii
Abstract (English)	vi
Abstract (Thai)	viii
Table of contents	x
List of tables	xiv
List of figures	xv
Chapter 1 Introduction	1
Background and significant of the research problem	1
Objective of the study	7
Research question	7
Hypotheses	8
Scope of the study	9
Definition of terms	9
Assumptions	10
Chapter 2 Literature review	11
Overview of epilepsy	11
Self-care behavior	23
Factors related to self-care behavior	33
Theoretical framework	53

TABLE OF CONTENTS (Continued)

	Page
Chapter 3 Methodology	60
Research design	60
Population and Sample	61
Setting	62
Instrumentation	63
Protection of human rights	74
Data collection procedure	75
Data analysis	76
Chapter 4 Findings and discussion	83
Description of the sample	83
Model testing	91
Hypothesized model testing	91
Mode modification	92
The results of hypotheses testing	97
Descriptive statistics of four major variables	101
Discussion of the findings	103
Hypotheses testing	103
Additional data analysis	113

TABLE OF CONTENTS (Continued)

	Page
Chapter 5 Conclusion and recommendation	116
Summary of the study	116
Contribution to nursing science	118
Implication of findings	119
Limitations of the study	121
Recommendation for further study	122
References	124
Appendices	147
Appendix A The Demographic and Illness Related data form	148
Appendix B The Epilepsy Self-care Scale	152
Appendix C The Epilepsy Knowledge Scale	153
Appendix D The Seizure Self-Efficacy Scale for Children	154
Appendix E The Family APGAR questionnaire	156
Appendix F The Friend APGAR questionnaire	158
Appendix G List of experts	160
Appendix H Back translation expert	162
Appendix I Calculation of content validity index (CVI) of the Self-Care Behavior Scale	163

TABLE OF CONTENTS (Continued)

	Page
Appendix J Calculation of content validity index (CVI) of the Epilepsy Knowledge Scale	164
Appendix K Documentary proof of ethical clearance	165
Appendix L Research subject information and Informed consent form	170
Appendix M Skewness and kurtosis of variable in the study	178
Appendix N Residual plot	179
Appendix O Correlation matrix	182
Curriculum vitae	183

LIST OF TABLES

Table	Page
1 Demographic characteristics of the sample	84
2 Clinical characteristics of the sample	87
3 Comparison of the goodness of fit between the initial hypothesized model and the modified model	95
4 The direct, indirect and total effects in the final model	96
5 Descriptive statistics for family support, peer support, epilepsy self-efficacy, epilepsy knowledge, and self-care behavior	101
6 Level of family support, peer support, epilepsy self-efficacy, epilepsy knowledge, and self-care behavior	102
7 The number and percentage of adolescents who had only one type of seizure	114
M1 Skewness and kurtosis of variables in the study	178
O1 Correlation matrix of study variables	182

LIST OF FIGURES

Figure	Page
1 A conceptual-theoretical-empirical structure	54
2 The theoretical model of self-care behavior for adolescents with epilepsy	59
3 The hypothesized model of self-care behavior for adolescents with epilepsy	91
4 The final model of self-care behavior for adolescents with epilepsy	93
