ACKNOWLEDGEMENTS

I wish to express my sincere gratitude and profound appreciation to Assoc. Prof. Dr. Werawan Ruangyuttikarn, thesis advisor, for her professional guidance, inspiration, utmost help and encouragement through out this study. This thesis could not be accomplished without her advice, support and gracious assistance.

I would like to extend my gracious thanks to my co-advisor, Dr. Muneko Niishijo and Dr. Soisangwan Satarug, for her special efforts, valuable advice and helpful suggestion through out the research.

Sincere appreciation is expressed to Dr. Ryumond Honda and Dr. Jun-ichi Kuriwaki of Kanasawa medical university, Kanazawa, Japan, for their kindness, excellent training on AAS and ICPS and excellent teaching of laboratory work in Japan

Very special thanks go to Dr. Wittaya Sawaddiwóothipong, Ms. Pranee Mahasakphan and her medical personal for their kind contribution during the survey and urinary sampling.

I would like to thanks all of inhabitants in Amphur Mae Sot, Tak Province for their excellent cooperation and also thank my friends in Department of Forensic Medicine, Faculty of Medicine, Chiang Mai University for their warm friendship.

Finally, I would like to express specially gratitude to my parents and family for their love, understanding and strong encouragement.

Wimonrat Teeyakasem
