

TABLE OF CONTENTS

	Page
Acknowledgements	iii
Abstract in Thai	iv
Abstract in English	v
Chapter 1 Introduction	1
Chapter 2 Preliminaries	5
2.1 Initial Value Problems	5
2.2 Definition of Oscillation	7
2.3 Increasing and Decreasing Functions	8
2.4 The Completeness Property of \mathbb{R}	9
2.5 The Fundamental Theorem of Calculus	11
2.6 Hölder's Inequality	13
2.7 The Riccati Equation	14
Chapter 3 Oscillation Criteria for Second-order Nonlinear Neutral Delay Differential Equations	16
3.1 Some New Oscillation Criteria	16
3.2 Philos's Type Oscillation Criteria	24
3.3 Applications	48
Chapter 4 Conclusion	53
Bibliography	56
Vita	58
