ACKNOWLEDGEMENTS

I would like to acknowledge PTT Exploration and Production Public Company Limited for support the seismic data.

I would like to express deep gratitude and appreciation to my supervisor, Dr. Siriporn Chaisri, for her supervision, valuable critical discussion, and valuable guidance throughout my thesis. I would like to thank Dr. Pisanu Wongpornchai and Mr. Akaruchai Nochaiwong for their valuable advice.

Many thanks go to all my teachers for their advice and assistance throughout my study.

Finally, I greatly thank my loving parents, and friends for providing me with support and encouragement since me reach this point.
