ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to my supervisor, Professor Amnuay Kananthai, for his initial idea, guidance and encouragement which enable me to carry out my study successfully.

I would like to thank the following individuals for their valuable comments and suggestions,

I also thank to all teachers for their previous valuable lectures during my study at the department of mathematics of Chiang Mai University.

It is my pleasure to express my sincere thanks to Mr. Jessada Tariboon for his generous assistance.

I wish to thank all of my friends for their useful help and warn friendship.

Moreover, I gratefully appreciate my beloved parents, sister, and brother for their love and encouragement.
