**ACKNOWLEDGEMENT**

I would like to express my deepest appreciation to my supervisor, Dr. Uraporn Sardsud, for her excellent advice, discussion, and her kind suggestion throughout my study at Chiang Mai University.

I would like to thank also my thesis committee; Assoc. Prof. Dr. Somsiri Sangchote, Assist. Prof. Dr. Ekachai Chukeatirote and Assoc. Prof. Dr. Yuwadee Peerapornpisal for their suggestion and discussion, and especially Assist. Prof. Dr. Vichasardsud for laboratory facilities and his guidance.

I wish to acknowledge The Staffs Development program for providing me the financial support.

I would like to thank the Faculty of Science, Ubon Ratchathani University and Faculty of Science, Chiang Mai University (CMU) for all the facilities and laboratory provided, the Graduate School-CMU for a partial funding, the Electron Microscopy Research and Service Center (EMRSc-CMU) for the services.

I would like to thank the staffs, laboratory technicians and all my friends in the Department of Biology, Faculty of Science for their friendship, kindness and assistance.

My special thanks to the following people: Morakot Sukchotiratana, Budsabong Kuntalue, Jittraphan Mongkhol, Pakrada Thongmanee, Sulichet Thongklam, Sutheera Thongkuntha, Kodchakorn Lapmak and Wittaya Apai for their help and kindness.

Finally I am deeply thankful to my parents, my husband and my children for their support and understanding.

Pitchayaporn Suwanakood
