ACKNOWLEDGEMENTS

This thesis could never be completed without assistance of many people to whom I would like to express my gratefulness here. The people who have kindly given me valuable advice and helped me shaping up this paper with their years of experience are my advisors, Asst. Prof. Dr. Nitida Adipattaranan and Asst. Prof. Dr. Pachongkarn Phuvipadavat. The persons who kindly illuminate my path through my research is Assoc. Prof. Dr. Kittiporn Punyapinyophol, Assoc. Prof. Narawan Poonpipat and Asst. Prof. Dr. Wirat Wiyakul.

My special thanks also go to many people at Koropo Klang Uppatum School, especially my education administrator, the principal of school who allowed me to experiment and collect data in one of the second grade student classes. I really appreciate the help from friends and colleagues, Dr. Siriporn Salapun Jinana who has given me advice in teaching the reading class during the research. Ladda Mitkitti also gives helping hands to improve the activities plan.

I also would like to thank all of my teachers at Koropo Klang Uppatum School and my students, who have participated in my research.

Finally, thanks and utmost gratitude go to my husband, my parents, my children and most especially to my sister. They are really the ones who have created a distinctive nature of my life.
