## ACKNOWLEDGEMENTS

This study has been accomplished with the help of the supervisory committee, from whom I continuously learn. A sincere appreciation is also extending to all staffs of the Department of Pharmacology for their instructions and their support throughout my graduate study.

I wish to express my sincere gratitude and deep appreciation to Assoc. Prof. Noppamas Rojanasthien for her valuable guidance and advice on the research plan, data analysis, writing of this thesis and encouragement throughout the period of this study. A sincere gratefulness is bestowed to Assoc. Prof. Dr. Chaichan Sangdee for his help and advice in shaping up of this thesis. I wish to express my deep appreciation to Assoc. Prof. Maleeya Manorot, Asst. Prof. Siwaporn Chankrachang and Asst. Prof. Dr. Wittaya Tonsuwonont for their comments and support.

I am also very grateful to Mr. Boonyium Kumsorn for his friendship, valuable guidance on the measurement of plasma donepezil concentrations and encouragement.

Finally, I would like to express my sincere thank to all volunteers participated in this research work and to my family for their loves, understanding and support during this educational experience.
