## ACKNOWLEDGEMENTS

The completion of my M.A. study at the Department of English, Faculty of Humanities, Chiang Mai University, has been due to the assistance of a number of people to whom I would like to pay my respect and express my sincerest thanks to here.

This study is dedicated to all my family members who have always been there for me during the hard times of my studies. I thank them all for their patience, love and, of course, financial support that have enabled me to complete my work.

I would like to express my gratitude to the board of committee at the faculty of Humanities who granted me permission to commence this study in the first instance.

I wish to extend my deepest gratitude to my supervisor Assoc. Prof. Dr. Sorani Wongbiasaj who has helped me shape this paper with her years of experience. Her help, valuable suggestions and encouragement helped me in all the difficult time of this project.

Special recognition and thanks are extended to committee members, Assoc. Prof. Rome Chiranukrom and Lect. Dr. Chalathip Wasuwat for their useful comments, compassion and support.

Lastly I would like to express my great thanks to all my teachers since my first year in kindergarten to my last year in the MA program. Their lessons, support and kindness have formed every piece of me and have led me to this achievement.
