## ACKNOWLEDGEMENTS

I would like to express my gratitude to all those who provided me with the possibility to complete this thesis. I would like to thank the Veterinary Public Health Centre for Asia Pacific, Chiang Mai University and Freie Universität Berlin, Germany and the MScVPH Administration, Prof. Dr. Karl Hans Zessin, Dr. Maximilian Baumann and Assoc. Prof. Dr. Lertrak Srikitjakarn for giving me permission to begin my work on this thesis.

I am deeply grateful to both of my advisors, Prof. Dr. Goetz Hildebrandt and Assoc. Prof. Dr. Phongtape Wiwatanadate and co-advisor, Dr. Somchai Chomdoun for their help, stimulations, and suggestions, their detailed and constructive comments during all the time of research and writing of this thesis. I wish to thank Dr. Josef Kleer, for his kind helping and giving me advice with writing thesis as well as Mrs. Rose Schmitz looked closely at the thesis for statistical analysis, correcting and offering suggestions for improvement.

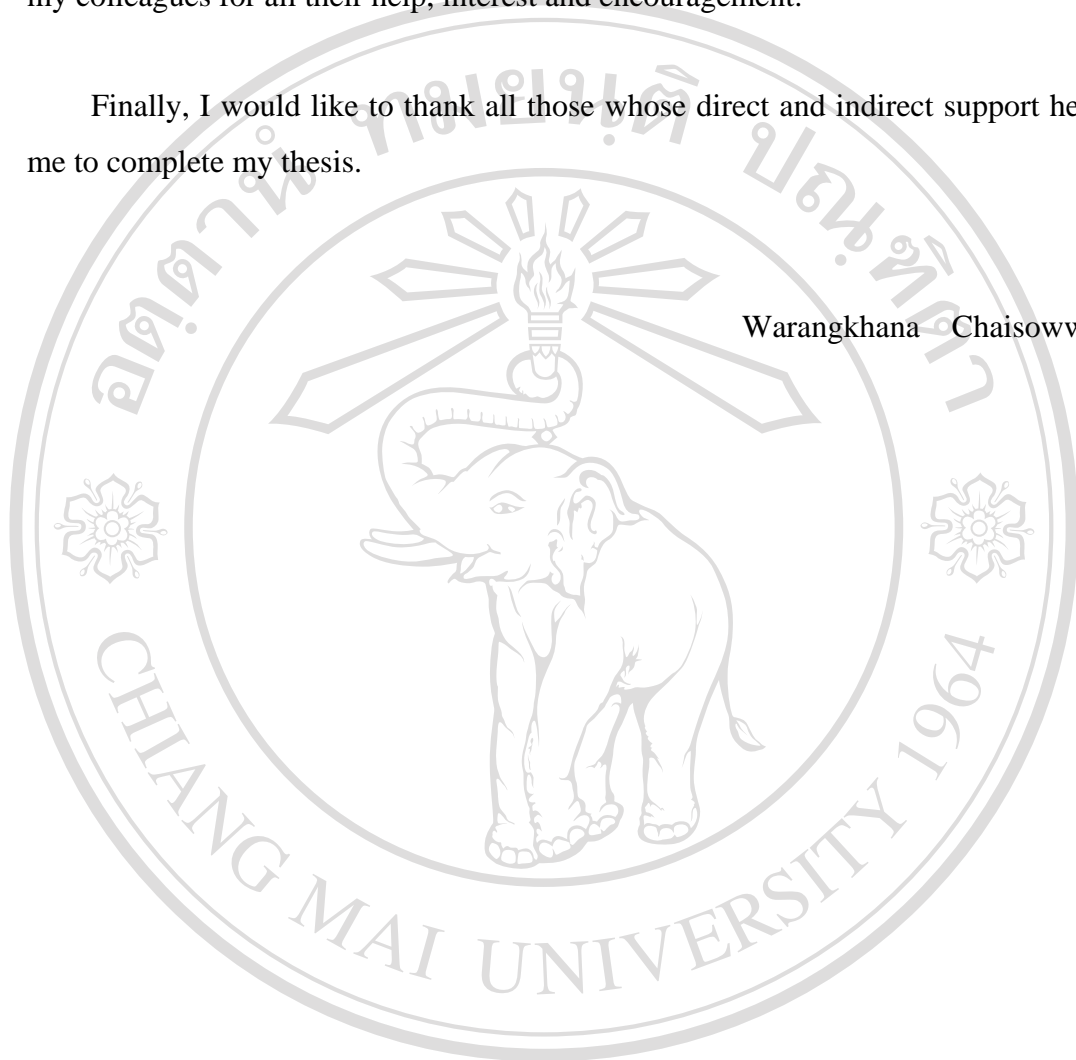

I am also sincerely thankful to the central laboratory of the Faculty of Veterinary Medicine, Chiang Mai University, for providing a great atmosphere and excellent laboratory equipments. I am grateful to Assist. Prof. Dr. Pawin Padungtod and Dr. Anucha Sirimalaisuwan, for their advice and encouragement when I approached them during the course of research.

The variety of acknowledgements would not be complete without the mention of my laboratory assistant, Mr. Cherdchai N. Lampang for his omnipresence and help during all the time of research. I would also like to thank the laboratory personnel, Ms. Nittaya Chanayath, Ms. Pothjane Naka and Mr. Somporn Jaitikorn, for their timely help.

I am grateful to my parents for giving me the inspiration, encouragement and motivation for my research work. Moreover, I would like to thank my classmates and my colleagues for all their help, interest and encouragement.

Finally, I would like to thank all those whose direct and indirect support helped me to complete my thesis.

Warangkhan Chaisowwong
