**ACKNOWLEDGEMENT**

I would like to express my gratitude to my supervisor, Assoc. Prof. Dr. Nuansri Rakariyatham for her supervision, assistance, encouragement, great support and opportunity throughout the course of this study. And I also wish to express my sincerest appreciation to Lect. Dr. Yuthsak Vaneesorn and Asst. Prof. Dr. Hataichanoke Niamsup for serving as examination committee of the thesis.

I am grateful to the Center for innovation in Chemistry: Postgraduate Education and Research Program in Chemistry, PERCH-CIC for financial supports of my research and great experiences. I have furthermore to thank the Department Graduate School, Chiang Mai University, for giving the knowledge to me.

I wish to extend my appreciation to all senior and junior friends from Biochemistry Branch the Department of Chemistry at Chiang Mai University for support and help throughout the years I spent here. I also wish to thank the staff of STSC-CMU for technical and instrument helps.

Last, a very special thanks to my family, Wijit and Sarita Kaewnarin, Brian, Ngamta and Ahnee Bruton and my younger brothers for their love, understanding and encouragement. Especially, I would like to give my special thanks to my grandma and grandpa who believe in me.

Khwanta Kaewnarin
