ACKNOWLEDGEMENTS

The success of this thesis springs from the kindness of Assoc. Prof. Dr. Sirmsree Chaisorn who provides intermittent moral supports to the researcher. This service includes advising, offering important concepts and suggestions, and thus producing successfully a doctoral degree for this thesis. The researcher would also like to show high gratitude and respect to these following teachers. The researcher thanks Assoc. Prof. Dr. Kaitsuda Srisuk and Asst. Prof. Dr. Pongsak Pankaew who serve as the Thesis Examination Board Committee members and accordingly provide valuable advice for the thesis. Assoc. Prof. Dr. Yuwadee Peerapornpisal and Assoc. Prof. Dr. Boonsong Nilkaew, the Thesis Examination Panel Committee members who offer constructive criticisms and advice to improve the values of this thesis.

I would also thank all knowledgeable personalities who have provided help on examination on the research tools, and given useful suggestions for the research. I thank the knowledgeable personalities who provide knowledge to the organization and educational institutions, which are the important study resources to understand the samples taken by this research.

I also thank the Administrators at Regina Coeli College who support the implementation of the research and also thank the teacher groups at Science Subjects (Course) in the Matthayom level who volunteer their kind assistance and acceptance of certain responsibilities during the research. I also thank the samples of the students who pay serious attention to the training sessions.

I would like to thank all the teachers and professors who share their knowledge to the researcher in a life-long learning until the researcher successfully finishes the highest level of education in the system. This gratitude is specially directed to the professors in the Major of Curriculum and Instruction Development from Chiang Mai University who have awaken the researcher's deep understanding on the curriculum and instruction development. And most importantly, the researcher can implement this knowledge to use in the educational management.

Finally, I would like to devote this honor of education to my esteemed father Soonthon and mother Buatong Hanwong and the family of Khun Ad, and Khun Manee Towatrakul who provide everything for the researcher.
