## ACKNOWLEDGEMENT

I wish to expressed my profound gratitude and thankfulness to Assoc.Prof.Dr.Sermkiat Jomjunjong, my advisor for his invaluable advice, constructive suggestion and encouragement throughout this work, His generous support, enthusiasm and understanding made this study a success and reward an experience to me.

Grateful acknowledgement is made the members of the M.Eng (Mechanical Engineering) and IE (Industrial Engineering) Program committee, Assoc.Prof. Yongyoot Jaiboon chairperson of the examination committee and Dr. Sakgasem Ramingwong for their valuable comments.

Sincere thanks to Dr. Suthep Lertsrimongkol, Assistant Director Sirikit Hydropower plant for his invaluable guidance, constructive suggestions and encouragement throughout the study period and also thank a lot to all of his official members.

Heartfelt thanks are also extended to Electricity Generating Authority of Thailand (EGAT) and Electricite du Laos (EDL). I am deeply indebted to cooperation project between EGAT-EDL, for granting me an opportunity by the way of a full scholarship, which pave the way to achieve my academic goal and complete this study and to cooperation project between EGAT-Chiang Mai University (CMU) with generous support and encouraging me to go for postgraduate study.

An also thanks are due to Dr. Atipong Nantaphan and his official members Mae Moh Training center, Electricity Generating Authority of Thailand who encouraged, contributed and supported me in numerous ways to make this study success.

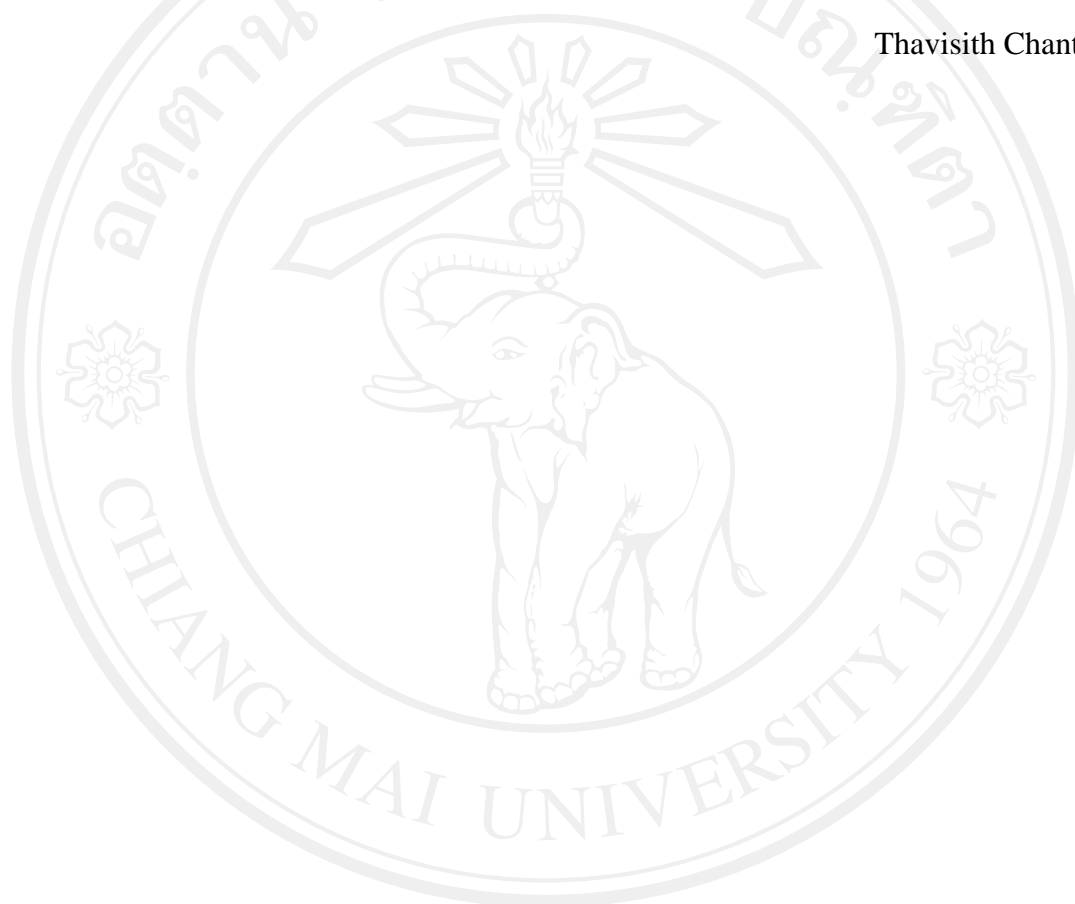

I also would express my thanks to government officers in ministries concerned, the Namong micro-hydropower plant staff throughout villager's offices, who allowed me to interview and contribute essential information and reference material, and made this study possible.

No words can ever express my deepest gratitude to all of friends and classmates who made my graduate study enjoyable and memorable experiences during studying in CMU. In addition, I would like to take this opportunity to express my deepest

thankfulness to my superiors and colleagues in the Electricite du Laos Luang Prabang Branch, Lao PDR for their great encouragement to make a success for this study.

Finally, I would not forget to thank my family members who have always supported me in what I have been doing. My wife and my daughter and also deserve my gratitude for providing constant inspiration in all of my endeavors.

Thavisith Chanthery
