ACKNOWLEDGEMENT

This report has been accomplished with the help, suggestion and encouragement of many people. Firstly, I would like to express my sincere thank to PTT Exploration and Production Public Co., Ltd., especially to Mr.Yutthorn Gonecome, Mr. Anusorn Tepjitar, Mr.Thitisorn Thitipattanakul, Mr. Jakkarin Iamboon and all staff of the Arthit Project, for giving me a great chance to do this project and also providing me with the company's data and other suggestion. I appreciate help and support from Dr. Sarawute Chantraprasert, my advisor, who has given me excellent suggestion and encouragement.

I would like to express my gratitude to all lecturers in the course of Petroleum Geoscience, Department of Geological Sciences, Faculty of Science, Chiang Mai University, for giving me their knowledge, experiences and suggestions.

My thanks are also to my family. Thanks are extended to my seniors and colleagues especially for giving me encouragement, support and advice one the past, all geology classmates and juniors for their help and cheerfulness. Finally, I appreciate all supports from the others that have not been mentioned.
