### Acknowledgement

This particular thesis could not have been a success had it not been for the love and help I have been receiving throughout. First and foremost, I would like to give thanks to the Lord, my God, for His love, wisdom, and for just being my refuge. Secondly, I would like to thank my wife, Amm, and my baby girl, Asia, for their love, warmth, support and understanding throughout the entire task.

My utmost gratitude goes to Assistant Professor Dr. Wanida Penkingarn, my thesis advisor, for her immense assistance, gracious heart, and the willingness to push me further to reach the end results.

To my colleagues at English Department, Chiang Mai University, I would like to thank Mr. David Feliz for his kind assistance in testing of instruments. I would also like to thank Saikhae Supakitjumnong, Ph.D. for all the meaningful insights she has given.

I would like to thank Assoc. Prof. Dr. Jarunee Maneekul and Asst. Prof. Dr. Wirat Waiyakul for their helpful advice and comments they have given.

I would also like to thank my ten other TEFL '05 friends who, through thick and thin, have given me pointers, assistance and words of encouragement.
