

TABLE OF CONTENTS

	Page
Acknowledgements	iii
Abstract (English)	v
Abstract (Thai)	vii
Table of contents	ix
List of tables	xiii
List of figures	xv
Chapter 1 Introduction	
Background and significance of the research problem	1
Objectives of the study	9
Hypotheses	10
Scope of the study	10
Definition of terms	11
Chapter 2 Literature review	
Definition of child physical abuse	13
Consequences of child physical abuse	16
Causal theories of child abuse	20
Factors influencing child physical abuse	35
Child physical abuse risk assessment	44
Prevention of child physical abuse	47

TABLE OF CONTENTS (continued)

	Page
Theoretical framework	52
Chapter 3 Methodology	
Research design	55
Population and sample	56
Research setting	61
Instrumentation	62
Human rights protection	74
Data collection procedures	75
Data analysis	82
Chapter 4 Results and discussion	
Demographic and family characteristics of the sample	84
Differences in parental attitudes toward child rearing and potential for child physical abuse between the experimental and control groups at baseline	91
Comparisons of parental attitudes toward child rearing and potential for child physical abuse between baseline and 16 weeks after entering the program of the experimental and control groups	93
Parental attitudes toward child rearing	93
Potential for child physical abuse	94

TABLE OF CONTENTS (continued)

	Page
Comparisons of parental attitudes toward child rearing and potential for child physical abuse between the experimental and control groups at 16 weeks after entering the program	95
Parental attitudes toward child rearing	96
Potential for child physical abuse	97
Discussion	99
Chapter 5 Conclusion and recommendations	
Conclusion of the study	107
Implications of findings	108
Limitations of the study	110
Recommendations for further research	111
References	112
Appendices	137
Appendix A Intervention protocol	138
Appendix B Parental booklet	141
Appendix C Permission to use videotaped presentations	143
Appendix D List of experts	146
Appendix E Instrumentation	147
Appendix F Permission to use instruments	153
Appendix G List of back translators	155

TABLE OF CONTENTS (continued)

	Page
Appendix H AAPI-2 Parenting Profile Sheet	156
Appendix I Ethical approval	157
Appendix J Informed consent form	159
Appendix K Assumption testing	164
Appendix L Additional analyses	166
Appendix M Effect size calculation	174
Curriculum vitae	175

LIST OF TABLES

Table	Page
1 Demographic characteristics of the experimental and control groups	86
2 Family and children characteristics of the experimental and control groups	89
3 Differences in parental attitudes toward child rearing and potential for child physical abuse between the experimental and control groups at baseline	92
4 Comparison of parental attitudes toward child rearing between baseline and 16 weeks after entering the program of the experimental and control groups	93
5 Comparison of potential for child physical abuse between baseline and 16 weeks after entering the program of the experimental and control groups	94
6 Comparison of parental attitudes toward child rearing between the experimental and control groups at 16 weeks after entering the program	97
7 Comparison of potential for child physical abuse between the experimental and control groups at 16 weeks after entering the program	98
L1 Demographic characteristics of the completed program and dropped out groups	166

LIST OF TABLES (continued)

Table	Page
L2 Family and children characteristics of the completed program and dropped out groups	168
L3 Frequency and percentage of subjects by religion and parental attitudes toward child rearing	170
L4 Frequency and percentage of subjects by religion and potential for child physical abuse	171
L5 Frequency and percentage of subjects by alcohol consumption history and parental attitudes toward child rearing	172
L6 Frequency and percentage of subjects by alcohol consumption history and potential for child physical abuse	173

LIST OF FIGURES

Figure	Page
1 The conceptual framework of the study	54
2 The research design for the intervention	55
3 Diagram showing subject recruitment procedures	60
4 Summary of intervention protocol	67
5 Diagram showing data collection procedures	81
