ACKNOWLEDGEMENTS

I would like to thank my advisor, Dr. Thanasak Mouktonglang, for his instruction, initial idea, encouragement and helpfulness which enable me to carry out my study successfully.

I also thank to all teachers for their previous valuable lectures during my study at the Department of Mathematics of Chiang Mai University.

I wish to express my special thank to all of my friends in the Department of Mathematics of Chiang Mai University for their suggestions, many useful helps and warm friendship.

Finally, I gratefully appreciate my beloved parents, and sister for their love, support and encouragement.
