ACKNOWLEDGEMENTS

I would like to extend my deep appreciation to Asst. Prof. Dr. Chitchol Phalaraksh, my thesis supervisor, which gave any suggestion for my research. Also, I would like to thank Assoc. Prof. Dr. Yuwadee Peerapornpisal, Assoc. Prof. Dr. Narumon Sangpradub and Lect. Dr. Tatporn Kunpradid for spending their time to read and provided feedback to my thesis.

I wish to thank to all members in Freshwater Biomonitor Research Laboratory (FBRL) particularly for Mr. Isara Thani, Mr. Tinnapan Netpare, Mr. Pitak Sepisut and Ms. Chayanun Jitmanee for the helpful during field sampling and in the laboratory. I would like to thank Ms. Suttawan Supan, Ms. Supattira Truetiworanan and Mr. Eakachai Yana and all members in Applied Algal Research Laboratory (AARL) for their helpfulness and share experiences in field sampling. In addition, I would like to thank Office of National Research Council of Thailand (NRCT) and Chiang Mai University for financial support.

Finally, I would like to express gratitude my family and Ms. Wantanaporn Prakobtieng for their will power and supported everything for me.
