ACKNOWLEDGEMENTS

I wish to express my sincere gratitude and deep appreciation to Asst. Prof. Dr. Orn-anong Arquero, for her kind supervision, valuable guidance and constant encouragement throughout this research.

I am grateful to the thesis committee members, Assoc. Prof. Dr. Udom Sriyotha, Asst. Prof. Dr. Teraboon Pojanagaroon, Dr. Kritsana Jitmanee, Asst. Prof. Dr. Uraporn Sardud and Dr. Pusit Pookmanee for their suggestions, discussions and corrections for my research work. I also gratefully extended my thanks to Mr. Pisan Kitsawatpaiboon, for his kind direction and admirable technical services.

I am grateful to the Department of Chemistry, Faculty of Science, Chiang Mai University, Thailand for providing laboratory and facilities throughout the research work.

I would like to acknowledge Center of Excellence for Innovation in Chemistry (PERCH-CIC) of the Thai Ministry of University Affairs for the postgraduate scholarship including National Research University Project of Thailand, Office of the Higher Education Commission and Postharvest Technology Innovation Center for partial financial support.

Most of all, with love and respect, I wish to express my heartfelt gratitude to my parents, Mr. Boonsri and Mrs. Nittaya Kheowmung, for their everlasting love, continuous care, understanding, kindness and endless encouragement.

Wachiraporn Kheowmung
