ACKNOWLEDGEMENTS

I wish to express my deep sincere appreciation and gratitude to my major advisor, Professor Dr. Wej Choochote, Department of Parasitology, Faculty of Medicine, Chiang Mai University, for his kindness, expert guidance, valuable suggestion, constructive criticism and constant encouragement which enable me to complete my doctoral study and research. I will always be indebted to him for his kind help and support.

I also wish to express my deep sincere appreciation and gratitude to my thesis co-advisors; Associate Professor Dr. Udom Chaithong, Associate Professor Dr. Nimit Morakote, Associate Professor Dr. Pongsri Tippawangkosol, Assistant Professor Dr. Dr. Narissara Jariyapan, Assistant Professor Dr. Anchalee Wannasan, Dr. Anuluck Junkum and Dr. Atiporn Saeung, Department of Parasitology, Faculty of Medicine, Chiang Mai University, for their kindness, valuable guidance, meaningful criticism and help during my study.

I sincerely thank my overseas co-advisors, Professor Dr. Hiroyuki Takaoka and Dr. Yasushi Otsuka of the Department of Infectious Disease Control, Oita University, Japan, for their kindness, valuable guidance, meaningful criticism, emotional support and warm hospitality while I carried out my doctoral research in their lab.

I would like to express my sincere gratitude and thank to Associate Professor Dr. Kabkaew Sukontason, Department of Parasitology, Faculty of Medicine, Chiang Mai University and Dr. Wannapa Suwonkerd, Office of Vector Borne Disease

Control, Department of Communicable Disease Control, Ministry of Public Health, Chiang Mai, Thailand, external examination committee for their meaningful suggestion and valuable guidance on this thesis.

Sincere appreciation the Thailand Research Fund through the Royal Golden Jubilee Ph.D Program (Grant No. PHD/0082/2549), the Biodiversity Research and Training Program (Grant No. BRT R_250009), and the Faculty of Medicine Endowment Fund for Research Publication for its financially supporting throughout my graduated study.

I would like to thank staff members of the Department of Parasitology, Faculty of Medicine, Chiang Mai University, for their kind help and encouragement throughout my research.

Certainly, I would like to express gratitude to all my colleagues, Dr. Sittiporn Suwannamit and other friends at Department of Parasitology, Faculty of Medicine, Chiang Mai University for their encouragement and give moral support throughout my study.

Finally, I wish to express all my deepest gratitude to my beloved parents and family for their encouragement and moral support throughout my study.
