ACKNOWLEDGEMENT

I would like to express my sincere gratitude and great appreciation to my advisor, Assoc. Prof. Dr. Surapol Natakankitkul, for his kindness, continual guidance, invaluable suggestions and encouragement throughout my study.

My deep appreciation thanks to Assoc. Prof. Dr. Panee Sirisa-ard and Assoc. Prof. Dr. Suporn Charumane, my co-advisors, for her helpful suggestion, meaningful consultant and open-mindedness to discuss everything throughout my study.

I also would like to express my great appreciation to Assist. Prof. Dr. Nantarit Chokethaworn and Assist. Prof. Dr. Kiattisak Pholsongkram for his kindness, benefit advice and for being a chairperson and member of my examining committee.

I would like to grateful to the Faculty of Pharmacy, Chiang Mai University for providing research facilities and location of this study. Grate acknowledgement is also to The Graduate School, Chiang Mai University for financial support.

My special thanks to the Faculty of Pharmacy, Payap University for HPLC equipment. Thank you every friends and every person in laboratory officer in the Department of Pharmaceutical Sciences for their reliable help and useful advice.

Finally, I am particularly grateful to my family and every person, all of whom were especially supportive and extremely helpful, for their emotional assistance, understanding, encouragement and kindness. Without all these people, my thesis would not have been successful. I wish like to dedicate it to their wishes.
