ACKNOWLEDGEMENTS

I would like to express my sincere gratitude and appreciation to my thesis advisor, Asst. Prof. Dr. Chadarat Ampasavate, and co-advisors, Assoc. Prof. Dr. Pornngarm Dejkriangkraikul, and Assoc. Prof. Dr. Siriporn Okonogi, for giving me the opportunity to work in the laboratories. With their guidances, continued encouragement, dedication towards this research project as well as supporting me in everything, I have been able to achieve the success presented in my thesis.

I would also like to thank Dr. Chirasak Kusonwiriawong for serving on examining committee in this research.

I would like to gratefully thank Assoc. Prof. Dr. Siriporn Okonogi, and Assoc. Prof. Dr. Pornngarm Dejkriangkraikul for their kindly giving me the opportunity to work and use some materials and instruments in their laboratory.

I would like to recognize the help of our collaborators on this project, Rungsinee Phongpradist, Pimporn Anantaworasakul, Pantiwa Iangcharoen, and Nichthima Warinthip for providing assistance and ideas whenever obstacles were encountered, without their helps, this project would not have been possible.

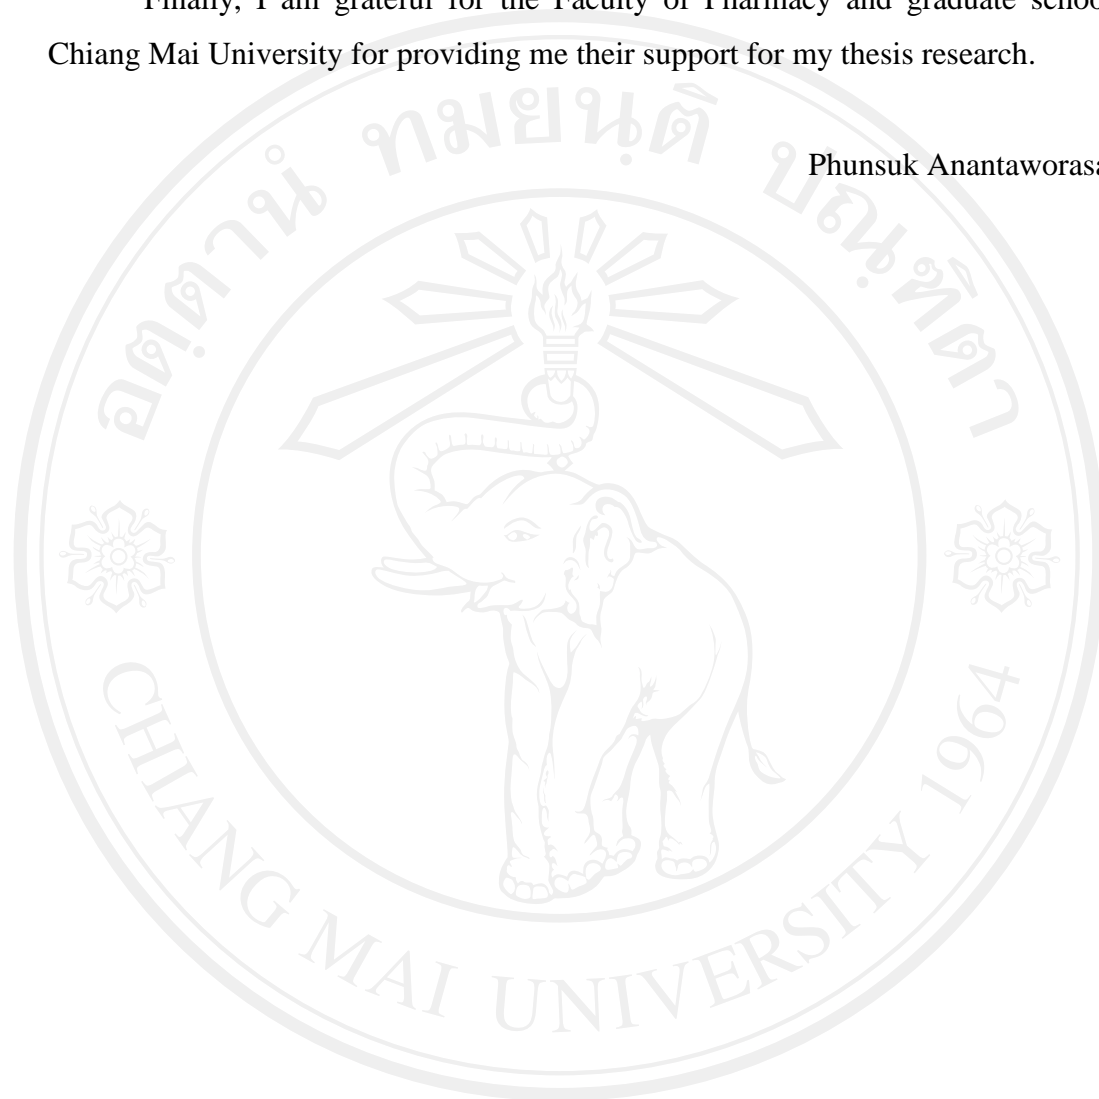

I would like to grateful thank The Chiangmai Laboratory of the Central Laboratory (Thailand) Co., Ltd. for providing the liquid chromatography coupled with atmospheric pressure ionization mass spectrometry (LC/API-MS).

In addition, I would like to thanks to staffs in the Faculty of Pharmacy, Department of Pharmaceutical Sciences, Chiang Mai University, for their support during the course of this work. Thank you my every friends, especially, Wantida Chaiyana, Rattiros Khonkarn, Umaporn Phusod, Narakorn Khamfoo, Kritsana Japanya, Suchada Sudtiyanwimon, Waranya Neimkhum, Rinrumpai Puttipun, Ornchuma Naksuriya, Kanogorn Saenasa, for good friendship and kindly providing assistance in everything to make this project succeeded.

Most of all, I would like to thank my parents, my brother, my sister, my friends and all of my beloved ones for their unconditional love, understanding, encouragement, support, and patience throughout this entire process.

Finally, I am grateful for the Faculty of Pharmacy and graduate school of Chiang Mai University for providing me their support for my thesis research.
