ACKNOWLEDGEMENTS

I would like to express my sincere gratitude and appreciation to my thesis advisor, Assoc. Prof. Dr. Siriporn Okonogi, and my thesis co-advisors, Assoc. Prof. Dr. Wirat Niwatananun, and Asst. Prof. Dr. Songwut Yotsawimonwat, for their valuable advice, continued encouragement and supervision throughout this study, which enable me to carry out my study successfully.

I am deeply thankful and grateful to Assoc. Prof. Dr. Kornkanok Ingkaninan, Department of Pharmaceutical Chemistry and Pharmacognosy, Naresuan University, Thailand, for providing the alkaloids makers and her kind suggestion on HPLC system.

I would like to sincerely grateful thanks to Assoc. Prof. Dr. Tasana Pitaksuteepong for serving on examining committee in this research.

Many thanks are also given to all faculty members and staffs in the Faculty of Pharmacy, Department of Pharmaceutical Sciences, Chiang Mai University, for their support during the course of this work. I would like to thank all my friends for good friendship and providing assistance.

I would like to express my special acknowledgement to the Thailand Research Fund for the financial support of the TRF- Master Research Grants (TRF-MAG), No. MRG-WI515S042. Special thanks to the Bangkok Lab and Cosmetic Co.,Ltd., the Faculty of Pharmacy and graduate school of Chiang Mai University for providing me the support for my thesis research.

Finally, I am sincerely grateful to my family for their love, understanding, encouragement, persuaded me on the positive side and endless support throughout my life.

Waranya Neimkhum
