ACKNOWLEDGEMENT	iii
ABSTRACT (THAI)	iv
ABSTRACT (ENGLISH)	vi
LIST OF TABLES	xii
LIST OF FIGURES	xv
CHAPTER 1 INTRODUCTION	1
1.1 Background and setting	1
1.2 Statement of the Problem	2
1.3 Purpose of the Study	6
1.4 Objective of the Study	6
1.5 Definition of terms	6
1.6 Scope & Limitations of the Study	8
1.7 Basic Assumptions of the Study	9
1.8 Significance of the Study	9
CHAPTER 2 LITERATURE REVIEW	10
2.1 Concept and definition of communication	10
2.2 Theoretical concept of components of communication process	11
2.3 Theoretical concept of media exposure behavior	13
2.4 Theoretical concept of adoption process	15
2.5 Concept of the sufficiency economy philosophy	19
2.6 Related studies	36
2.7 Theoretical Framework	39
2.8 Summary of the literature review	40

TABLE OF CONTENTS (Continued)

		Page
CHAPTER 3	METHODOLOGY	41
	3.1 Objectives of the study	41
	3.2 Research Design	42
	3.3 Population	42
	3.4 Instrumentation for data collecting	46
	3.5 Measurement of variables	49
	3.6 Content validity and reliability of research instrument	52
	3.7 Data collection	53
	3.8 Data analysis	53
CHAPTER 4	RESULTS	57
	4.1 Part 1 General socio-economic background of farmer and families	59
	4.2 Part 2 The behaviors on information receptivity of the Sufficiency economy philosophy	70
	4.3 Part 3 The levels of knowledge, attitude, and the adoption of sufficiency economy philosophy of the farmers	80
	3.1) Knowledge	80
	3.2) Attitude	90
	3.3) The adoption	96
	4.4 Part 4 To find factors effecting the adoption of the philosophy of sufficiency economy of the farmers	113

TABLE OF CONTENTS (Continued)

	Page
4.5 Part 5 Synthesize guidelines for the preparation of an appropriate communication process effecting the adoption of sufficiency economy of the farmers	120
4.6 Part 6 The Quality information about the sufficiency economy philosophy of the farmers	137
CHAPTER 5 CONCLUSIONS & DISCUSSIONS AND RECOMMENDATIONS	147
5.1 Objectives of the study	147
5.2 Research methodology	147
5.3 Conclusion	149
5.4 Research discussions	157
5.5 Research recommendations	162
5.6 Recommendations for further research	165
REFERANCES	166
APPENDICES	171
Appendix A Research Questionnaire	172
Appendix B Reliability Analysis	190
Appendix C Table of the population sampling	201
Appendix D A Name List of farmer participants	211
CURRICULUM VITAE	215

LIST OF TABLES

Table		Page
1	District in Chiang Mai province divided by the geographic conditions	43
2	Number and percentage of the farmers classified based on sex	59
3	Number and percentage of the farmers classified based on age	59
4	Number and percentage of the farmers classified based on marital status	60
5	No. and percentage of the farmers classified based on educational attainment	61
6	No. and percentage of the farmers classified based on a number of household members	62
7	No. and percentage of the farmers classified based on a number of agricultural workforce	62
8	No. and percentage of the farmers classified based on main occupation	63
9	No. and percentage of the farmers classified based on incomes earned from main occupation	64
10	No. and percentage of the farmers classified based on supplementary occupation	65
11	No. and percentage of the farmers classified based on incomes earned form supplementary occupation	66
12	No. and percentage of the farmers classified based on experience in sufficiency farming	67
13	No. and percentage of the farmers classified based on the training on sufficiency training	68

LIST OF TABLES (Continued)

Table		Page
14	No. and percentage of the farmers classed based on the educational tour on the concept of sufficiency farming	69
15	No. percentage, and mean for the levels of the farmer information receptivity on the concept of the sufficiency economy theory	73
16	No. and percentage of the knowledge in sufficiency economy of the farmers	84
17	Score, mean, percentage of knowledge, attitude, and farmer adoption of the sufficiency economy philosophy	89
18	No. percentage, mean and levels of opinions about the sufficiency economy philosophy as an information receiver	92
19	No., percentage, and mean of the level of the sufficiency economy adoption	101
20	Table 20 Mean and standard deviation of the variables used for an analysis	114
21	The coefficient correlation values between the independent and the dependent variables	116
22	An analysis of multiple regression of the level of the adoption of the philosophy of sufficiency economy to practice and personal characteristics/components of the communication process	118
23	Mean, standard deviation, and co-efficient correlation among the variables in the model	123
24	Results of variable relationships testing in the model by using the variance inflation factor (VIF)	124
25	Results of the hypotheses testing of the model as a whole	125

LIST OF TABLES (Continued)

Table		Page
26	The consistency statistical values of the model of relationships in accordance with the hypotheses and the Empirical data of the model based on the hypotheses	130
27	The standard coefficient value and the statistical value of external cause variables and internal cause variables for the completed model based on the hypotheses	132
28	The consistence statistical value of the relationship model based on the hypotheses and the Evidence of the improved model based on the hypotheses	133
29	The standard coefficient value and the statistical value of the external cause variables and the internal cause variables for the improved model based on the hypotheses	134

LIST OF FIGURES

Figure		Page
1	The communication model	13
2	Sources of information needs and tasks to be done	18
3	Conceptual framework of the study	20
4	Multi-stage random sampling	39
5	Multi-stage Random Sampling	45
6	A path way model on the adoption of the concept of sufficiency economy	122
7	A model of path way on the adoption of the sufficiency economy concept	129
8	The path way model on a completed adoption of the philosophy of the sufficiency economy	131
9	The path way model on the adoption of the philosophy of sufficiency economy and improvement	136
