ESTROGENIC AND OSTEOBLAST MINERALIZATION EFFECT OF *Vanilla siamensis* Rolfe ex Downie EXTRACT

PHENPHICHAR WANACHANTARARAK

DOCTOR OF PHILOSOPHY
IN CHEMISTRY

THE GRADUATE SCHOOL
CHIANG MAI UNIVERSITY
AUGUST 2012

ESTROGENIC AND OSTEOBLAST MINERALIZATION EFFECT OF *Vanilla siamensis* Rolfe ex Downie EXTRACT

PHENPHICHAR WANACHANTARARAK

A THESIS SUBMITTED TO THE GRADUATE SCHOOL IN PARTIAL FULFILLMENT OF THE REQUIREMENTS FOR THE DEGREE OF DOCTOR OF PHILOSOPHY IN CHEMISTRY

THE GRADUATE SCHOOL
CHIANG MAI UNIVERSITY
AUGUST 2012

ESTROGENIC AND OSTEOBLAST MINERALIZATION EFFECT OF

***Vanilla siamensis* Rolfe ex Downie EXTRACT**

PHENPHICHAR WANACHANTARARAK

THIS THESIS HAS BEEN APPROVED
TO BE A PARTIAL FULFILLMENT OF THE REQUIREMENTS
FOR THE DEGREE OF DOCTOR OF PHILOSOPHY
IN CHEMISTRY

ACKNOWLEDGEMENTS

The author would like to express her sincere gratitude and appreciation to Associate Professor Dr. Griangsak Chairote, for his kind supervision, encouragement and inspiring discussion throughout this research works.

The author would like to thank her co-supervisors, Associate Professor Dr. Prachya Kongtawelert and Dr. Pathawee Khangkhunthian, for their guidance, discussions and comments this work.

The author wish to extend her special thanks to her examining committee Associate Professor Dr. Chuenchit Boonchird, for her guidance and inspiration, whereby the author gained practical experience on a yeast estrogen screen (YES) method at the Department of Biotechnology, Faculty of Science, Mahidol University

The author gratefully acknowledge to the Khun Wang Royal Project Development Center, Mae Wang District, Chiang Mai, under the Royal Project Foundation for the plant support.

Thanks are also expressed to Department of Chemistry, Faculty of Science and the Research center, Faculty of Dentistry, Faculty of Associated Medical Sciences**,** and Chiang Mai University for providing all laboratory facilities. The author also would like to thank the Graduate School, Chiang Mai University for partial financial support.

Finally, the author has deeply impressed by the heartening, understanding and supporting from her family throughout her life.

Phenphichar Wanachantararak
