ACKNOWLEDGEMENT

I would like to express profound appreciation and deep gratitude to Dr. Tri Indrarini Wirjantoro, my advisor, for her kindness, invaluable advices, generous support and constant encouragement throughout this independent study. She also educated me to possess scientific mind of thinking and problem solving. This study could be accomplished with her kindness, understanding and assistance.

Similarly, I was also grateful to Assoc. Prof. Aphirak Phianmongkol and Asst. Prof. Sutthaya Phimphilai from Faculty of Engineering and Agro-industry, Maejo University, for their valuable advices and suggestion for this study.

I would like to acknowledge the Division of Food Science and Technology, Faculty of Agro-Industry, Chiang Mai University, for supporting equipment and facilities. I would also like to thank laboratory officers for their help, knowledge and kindness.

Finally, I am deeply indebted to my parents for their love and encouragement to overcome every difficulty and understanding during the entire period of this study.
